Breadner says turn citizens on transport department

There was an angry call to turn St. Albert citizens on the Provincial Transportation Department during the regular St. Albert council meeting last Monday night.

Speaking with reference to a letter from Chief Deputy Transport Minister R. G. McFarlane on plans and programs for road improvements between St. Albert and Edmonton, Councillor Barry Breadner aired his frustrations. This was also in mind of the fact that in a recent St. Albert Gazette article May 12 there were statements about road improvements for 1976 and the next two years.

"It is time we turned the

citizens of St. Albert on the Transport Department, it is extremely frustrating that we

BARRY BREADNER

have to go round and round on this thing," said Coun. Breadner.

The outburst arose out of a request made by Mayor Dick Plain for information about the Department's plans for improving access between St. Albert and Edmonton, "on the basis of what we received from the MLA."

The original Gazette article May 12 stated, "The MLA said the following arteries will be reconstructed and surfaced this year: 170 Street from St. Albert to 137 Avenue; 137 Avenue from St. Albert Trail to 170 Street; and 156 Street and 137 Avenue to 125 Avenue."

What seemed to have

caused the outburst in council was the apparent discrepancy between this and the letter from the Chief Deputy Minister. There was definite agreement that the first two improvements were on the cards.

But the letter from Mr. McFarlane pointed out negotiations for the additional rights of way were commencing and "we hope to let construction contracts this fall, most likely in August. Problems with acquiring the right of way could delay either or both of these projects and hold up contract awards until 1977."

The letter agreed the Provincial Government intended to go on with negotiations for right-of-way for 150 Street south to 137 Avenue, "however we have no firm construction schedule for this project."

On these improvements the letter goes on, "the first stage construction of two paved lanes will be designed such that the roadway can be expanded to a multi-lane divided standard with a minimum of disruption to the initial construction."

"The Department says one thing and the representative says another," said Mayor Pleasance. Turn to Page 2

Council still wants centre

Even though St. Albert lost its \$1.2 million regional shopping centre (Abbey Glenn), St. Albert council is still pursuing its dream of getting an adequate shopping facility into the locality.

"We need this commercial development for the benefits it will bring to the town," said Councillor Margaret Smith.

But the discussion on St. Albert's hoped for shopping centre at the regular council

meeting last Monday night centered more on taking the accent away from regional shopping centre facilities to neighbourhood and intermediate facilities.

Quite recently the shopping centre problem surfaced at a meeting of the Municipal Planning Commission and at the council meeting Monday night the recommendation to set out general policy guidelines on shopping centres was approved by council.

So council has formally shifted its emphasis away from regional facilities to intermediate and neighbourhood projects.

As council mulled over the new guidelines for shopping centre policy, Councillor Frank Luky confessed that he wasn't quite sure where the motion was at, let alone a subsequent amendment.

There seemed to be some hope that council would have

Turn to Page 2

St. Albert may get peace officer

A draft bylaw on St. Albert having its own bylaw enforcement officer got through to second reading at the regular council meeting in St. Albert last Monday night.

He will, if he ever gets to patrolling the streets, be anything but a gun-toting sheriff, and will definitely not tangle with the jurisdiction of the RCMP.

Nor will the future peace officer have the right of arrest or the right to bear a gun.

It was made clear by Town Administrator Bob Byron that the bylaw enforcement officer would be restricted entirely to enforcing town (by) laws and that "we were not trying to give extra-

ordinary powers to a bylaw officer - a quasi-police officer."

Mr. Byron said the move for the bylaw enforcement officer was "simply to supplement areas where there is no enforcement," and would not be created to "set up a parallel police force."

Mr. Byron further emphasized, "We do not want a vehicle with red flashing lights." It is unusual for the town administrator to figure so prominently in a council meeting; Mr. Byron was allaying fears expressed by certain councillors that there might be danger in creating the post of bylaw enforcement officer.

On stage at the Jubilee Auditorium on Sunday afternoon, the St. Albert School of Dancing opened their version of Pinocchio Plus with Gepetto working on his wooden puppet Pinocchio. Gepetto (left) was Joanne Smith, Pinocchio was Julie Ruppel, Jiminy Cricket was Tammie Cyr and the Gideon Cat and Cathy Taylor (right).

Severe damage in car-truck crash

Five thousand dollars damage was sustained in a collision between a truck and a car, 7 a.m., June 7th on Secondary Highway 635, seven miles west of Highway #2.

Three persons were involved in the collision and one of them received superficial injuries according to an RCMP spokesman.

Thirty-five hundred dollars damage was sustained to a car driven by 28 year old Denis St. Edmund of 13548 - 38 Street, Edmonton. With Mr. Arnaud was 24 year old Debbie Arnaud and she received slight injuries.

The gravel truck, driven by Dennis Kassian, 22, of Thorhild, sustained \$1,500 dam-

age. Mr. Kassian was driving east on the secondary road, then went through an intersection striking the car driven by Mr. Arnaud.

The car was going north-bound on a country road.

NARROWED DOWN TO ONE

St. Albert RCMP have narrowed down to one the suspects involved in a break-in of five St. Albert businesses last weekend.

The break-ins all occurred last Sunday. Fifty dollars was taken from St. Albert Upholstery and another \$50 from Spectrum Interior Decorating. The Puppy Palace and Pleasance Turn to Page 2

Canadian's praised for quake relief

The emphasis on Canadian humanitarian relief operations in northern Italy is now concentrated on engineering projects, preparing meals and providing water.

The engineers have been requested to assist in leveling 97 percent of the badly damaged town of Portis and up-grade conditions at the tent city of Carnia in the Udine district.

Food preparation in the towns of Venzone and Piovorno is continuing and the Canadian water purification unit is distributing 5000 gallons of water daily.

Individual soldiers continue to assist families to retrieve valuables from the rubble of their homes.

Italian civilian authorities are working on plans to create a bulk food distribution point and issue meal cards to refugees. The Pleasance Turn to Page 2

OPERATION DOLOMITE ... Two members of the Lahr, Germany-based four Canadian Mechanized Brigade Group repair heavy equipment during disaster relief operations in northern Italy. Corporal George Peck, son of Mr. G. Peck, Red Deer, Alberta, works with Master Corporal Don Rowland (right) son of Mr. and Mrs. G. P. Rowland, 7 Morgan Cres., St. Albert. A 200-man Canadian Forces disaster relief task force moved from their NATO base at Lahr, Germany to give humanitarian and engineering assistance in the earthquake-stricken area. Medical, feeding, water purification and sheltering facilities with heat and electricity were provided, as well as assistance in clearing rubble and recovering valuables. National Defence Photo

Some of the fun taken from Lion's Park

A lot of people donate their time and labour making St. Albert a desirable place to live, for both young and old, but there are some people who spend their time tearing this apart. Many children make use of the playground facilities at Lion's Park, but one of the favourites is gone. Somehow, certain persons stole the merry-go-round, which was heavy enough to

require six full-grown men to lift it, and necessitated the use of a flat deck truck to cart it away. The Lion's are baffled it how such a stunt could be pulled off, and disgusted because it was done.

The Lion's Club of St. Albert has offered a \$25.00 reward for information leading to the recovery of the stolen merry-go-round.

Breadner

Cont'd from Page 1

Plain, asking that a letter be sent to the MLA asking for clarification "as it was said it would be done this year."

Councillor Red Thronson said he was surprised to see the 1977 date for the completion of road improvements, "when everyone said 1976."

Also Mayor Plain did not seem to be too optimistic even if the improvements

were carried out and talked about everyone "arriving at 125 Avenue in a big happy traffic circle."

The letter from the Provincial Government was for council's information and added that the section of 137 Avenue between 113A Avenue and 127 Street would be converted to utility standards. "It is not certain that this roadway expansion will get started this year," the letter concluded.

Council

Cont'd from Page 1

a look at the proposed Heritage Shopping Centre Development, a model of which had been brought into council chambers; but somehow there was no discussion on the subject.

However council seemed content that it had initiated some new guidelines, for, as Coun. Thronson put it, "we need some new rules."

Relief

Cont'd from Page 1

demand for Canadian food services may be lower when these Italian-instituted measures are in effect.

A few Canadians have already returned to Lahr and a road convoy of 30-plus vehicles brought back to Lahr more than 80 personnel who are now considered non-essential to the operation.

The gratitude of the Italian people for the prompt and unselfish assistance provided by the Canadians has been expressed in many ways. Graffiti scribbled on walls has praised and thanked the members of the task force.

An Italian baby born in the Canadian medical facility was named after the Captain Daniel Bastien who commanded the Royal 22e Regiment unit in the town of San Daniele. Lapel pins showing the Canadian flag are worn with pride by the refugees.

The Italian ambassador to Canada, in a letter to the Prime Minister, expressed the gratitude of his government and the people of Italy "for the prompt, generous and efficient aid Canada has provided - especially through the armed forces - in the first hours following the earthquake."

"The Italian people," said Ambassador Smoquina, "have been deeply touched by this further proof of solidarity given them by Canada at another difficult juncture in their lives."

Crash

Cont'd from Page 1

Helten Travel were also broken into but nothing was taken in cash. RCMP reported there was no damage done at any of the shops. The thief or thieves gained entry through the back door of St. Albert Upholstery which gives access to the three other Perron Street businesses.

The doors were then forced to the Puppy Palace and Spectrum Interior Decorating. Another place which was broken into over the weekend, also on Sunday, was Western Construction Products on Riel Drive. Entry was gained through a window and a door was jimmied. Nothing was taken from the premises say RCMP.

GOOD NEWS PARTY LINE

TUESDAYS - Overeaters Anonymous meetings every Tuesday at 8 p.m. at CHED Building upstairs - rear entrance.

The musical comedy "The Diary of Adam and Eve from the Apple Tree" will be showing at the Northern Light Theatre in Edmonton June 9 - July 3. For reservations/information call 429-3110.

Last Thursday night was the scene of much excitement at Vincent J. Maloney Junior High School, as it was Graduation Night. Students, teachers and parents gathered in the small cafeteria as the awards were presented. The three young ladies shown above were the recipients of the Vincent J. Maloney Merit Awards, they are, from left to right, Monica Crough, Madeleine Theissen, and Adele LeBlanc.

ST. ALBERT BILLBOARD

WEDNESDAY, JUNE 9 - The regular meeting of the Sturgeon Toastmistress Club will be held as usual in the Paul Kane High School, Cunningham Road. The Club is just about at the close of the season until fall but guests are still welcome to attend, and perhaps give a little thought during the summer months about joining the club. Both men and women are most welcome.

TUESDAY, JUNE 15 - Paul Kane graduate students will be holding a bottle drive on Tuesday evening and would appreciate your support.

TUESDAY* JUNE 15 - Royal Canadian Legion Ladies, Auxiliary "Wind-up Dinner Meeting" at 7 p.m. at Legion Hall. Anyone wishing to attend contact Mary Dugas at 459-5286.

THIS WEEK

JUNE 9 - Charles Dickens died 1870
JUNE 10 - Duke of Edinburgh born 1921
JUNE 11 - ST. BARNABAS Constable born 1776.
JUNE 12 - Charles Kingsley born 1819. Earl of Avon born 1897.
JUNE 13 - TRINITY SUNDAY W. B. Yeats born 1865.
JUNE 14 - Naseby 1645 J. L. Baird (inventor of TV) died 1946
JUNE 15 - Magna Carta 1215. Wat Tyler died 1387.

Pinocchio Plus draws enthusiastic crowd

On Sunday afternoon, several hundred dancers of all ages gathered backstage at Jubilee Auditorium, excited, nervous and anxious to get out and perform the routine that they had been practising for so long. "Pinocchio Plus," very successful presentation by the students of the St. Albert School of

Dancing, was viewed by an almost full house of parents, relatives and friends.

The principals, Alma Hughes and Gladys Smith, and the assistants, Sherriede Crosby, Cindy Alford, Peggy Sinclair and Lea Dalphone created a delightful performance around the Pinocchio theme, a very difficult chore considering the number of students that had to be accommodated in the production.

The main characters had been chosen only two weeks previously and acted their parts very well. The characters in the main cast were as follows: Jimmy Cricket - Tannie Cyr, Pinocchio - Julie Rumpel, Gepetto - Joanne Smith, Figaro - Jennifer McLean, Blue Fairy - Doris Wutzke, Lampwick - Betty Jandewerth, Honest John - Liane Lynch, Gideon Cat - Cathy Taylor, Stromboli - Kelly Bruyer.

The rest of the dance routines enlarged upon Pinocchio's adventures. The five scenes of the production included the "Toyshop," "Off to School," "The Puppet Show," "Pleasure Island," "Inside the Whale" and "Back at the Toy Shop." Each scene was made up of about six different dance groups portraying some aspect of the scene. For example "The Toyshop" included Raggedy Anne and Andy, Teddy Bears, the Baby Dolls and others, the "Back to School" included Happy-Go-Lucky Kids, Sno-

"Pinocchio Plus," presented by the St. Albert School of Dancing last Sunday afternoon featured many dance routines such as the Raggedy Anns and Andy pictured here. The 'Anns' were Cathy Gayle, Shelley Bowles, Jaye-Ann Roy, Sarah Jamison, Joanne Curial, Bonnie Pierce, Shannon Stevenson, Michele Wemhoff, Tracey Ward, and Kalen Shalagan. Andy was Kristan Genoway. The young dancers put on an excellent performance, looking for all the world as if they were the original Anns and Andy.

Legion raffle results

The results of the "Pay as you Pull" raffle held on Sunday, June 6 by the Ladies Auxiliary of the Royal Canadian Legion Branch 271 are as follows: Joe Babich, 6107-101A Avenue, Edmonton won a micro wave oven; Mary Osborne, 12 Balmoral Drive, St. Albert won a vacuum cleaner; Doreen Reinbolt, 15 Sheridan Drive, St. Albert won a clock radio and Sylvia Storoshinko, Winterburn, Alberta won a toaster. The winners of the door prizes were as follows: Kenneth Dawson, 13535-128 St., Edmonton won an afghan and cushion, Lucy Terreault, R.R. #1 St. Albert won a floral centerpiece. Funds collected through the raffle will be used to support the new Legion Hall and to a chosen charitable organization.

bs, Apple for the Teacher, Teacher's Pets and several more, and so on throughout the entire show.

The costumes were very colourful and added a great deal to the feeling of the performances. The organization and planning behind the scenes was very apparent, everything ran smoothly and professionally.

However well the group danced, the wee ones were the scene stealers. Who could match the Pink Pather who couldn't find her tail, or the Butterfly who suddenly realized that she was the only one left on stage and dashed off to the wings?

At the end of the three hour production, scholarships were presented to the students who had, over the entire year, shown themselves worthy of the awards. The recipients were: Carmen Laplante, Betty Janderwerth, Cathy Taylor, Kelly Bruyer, and Ellen Wutzke.

As the St. Albert audience left the auditorium and headed home along the Trail, it appeared that the regular rush hour problem had shifted to Sunday as well. But this was living proof of the enthusiastic support the parents gave the young dancers of the town.

Stamp sculptures on display

Series V of the Olympic Metal Stamp Sculptures will be on display in the St. Albert Post Office lobby on June 15th, from 10 a.m. to 12 noon. Mr. Roy Constable will be on hand to show the three sets of stamps, one in bronze, silver and gold.

A MESSAGE FROM THE GAZETTE TO OUR ADVERTISERS

Just a gentle reminder about our deadlines.

At times we are able to accommodate our advertisers and bend the rules by placing advertising after deadline, but we are just a little afraid that come an extremely busy week someone will have to be turned down, and this of course is upsetting to both the business community and to the Gazette. Therefore we are asking you to perhaps jot down the deadline times and post them in a convenient spot to help avoid any disappointments. This of course helps you also, as it makes for a happier staff and as you all know a happy staff means better organization internally and therefore a more polished work.

THE FOLLOWING ARE OUR DEADLINES:

Monday Evenings - 9 p.m. for Display Advertising, preferably earlier if there is a vast amount of make-up etc.

Tuesday 12 noon - For Classified Advertising.

These hours are applicable on a holiday weekend also, therefore if your business is going to be closed on a holiday Monday, please have your advertising in by Friday.

We thank you in advance for your co-operation.

St. Albert Council Briefs

Following are some of the highlights from the regular meeting of St. Albert council last Monday night. Mayor Dick Plain was in the chair and all councillors were present.

COUNCIL CAUSED A delay to the possible building of a multiple family condominium style development on McKenney Avenue at the Lacombe Shopping Plaza. The development would have been on a four acre site, but the request to have the parcel rezoned from commercial to multiple family was turned down as council did not want to handle it till the

planning for the area is complete.

Mr. R. R. Copithorne, representing Stanton Developments Ltd., had told council the proposed development would be more attractive than an asphalt parking lot (if a further shopping centre development took place) and that his firm had just won a national award for the best designed condominium.

COUNCIL REFERRED A motion on the development of cycle paths in St. Albert for further study, until it can consider a policy on cycle paths on arterial roads. Council was looking at de-

veloping cycle paths following recommendations from the MPC that they be considered only within the context of recreation developments. Mayor Dick Plain feels that the costs of pathways would be prohibitive through the town or through new areas. And it was also pointed out that the MPC recommendation restricted cycle path development to recreation, not including cycle paths on boundary roads.

AN ADDITIONAL BUS will soon be added to the present fleet of 10 in St. Albert. Council decided to fork out \$71,108 so that the bus could be bought from General Motors. The bus will be used as a spare.

WHEN COUNCIL came to consider a request for \$350 for a minor lacrosse grant, budgetary considerations caused a tabling motion, on the basis that council would find out if minor lacrosse had paid anything last year. Mayor Dick Plain pointed out that St. Albert had already met the maximum budget requirements for this year and could not give additional monies when the supply was exhausted.

JULY 5 has been set as a date for two public hearings on re-zoning bylaws 16/76 and 17/76. The hearings will be held at the regular meeting of council that night. They concern (16/76) the re-zoning of land near Boudreau Road from development control to multiple family town-

One of the many companies that have come forward and assisted in the preparation of the rodeo grounds is Standard General, whose machine is seen here. The machine is laying out the grade on the 1/2 mile oval track to be used by the chuckwagons and the pony chariots. Calgary Power also volunteered help to the Kinsmen by providing the equipment and men to put in the hydro poles at the grounds.

housing and neighbourhood commercial. 17/76 concerns land on Akins Drive which is up for rezoning from Agricultural to single family residential.

COUNCIL GAVE APPROVAL (in principle) to holding a civic reception for visiting dignitaries to the 1976 Kinsmen Rodeo.

COUNCIL DECIDED to cough up another \$3,000 to pay off the management fees to Batoni Bowlen for work done on the \$5.3 million recreation complex voted down by the taxpayers earlier this year.

COUNCIL GAVE THIRD reading to bylaw 18/76 which is to regulate the use of motor vehicles and off-highway vehicles in St. Albert.

Councillor Rod Thordson felt the bylaw was perfectly

legal, and the only intent "is to designate specific areas for cross country skiing and snowmobiles." With the bylaw passed it gives St. Albert control of all off-highway vehicles such as snowmobiles and their operation in town, except on private property.

There are provisions in the bylaw for a basic \$50 fine for a first infraction with a \$250 fine in default of payment. For a second offence there is a fine of \$150 and possible imprisonment of up to 60 days.

THIRD READING WAS given to bylaw 19/76 on the offsite costs and a development agreement between the town and Qualico Developers for land development centering around Afion Crescent.

THE ANNUAL JOINT meeting between St. Albert and the two school boards in town will be held June 24th at 7:30 p.m.

AT THE NEXT COUNCIL meeting St. Albert will look long and hard at a draft bylaw to "ticket" and levy a five dollar fine on those who break town bylaws where no penalty is at present in force.

COUNCIL IS STUDYING a nuisance bylaw regarding "untidy and unsightly" premises. If the bylaw gets third reading at a future council

meeting, fines of up to \$500 could be levied on "victims" who do not co-operate and let the weeds get out of control on their premises; or just simply let premises stay unsightly.

Around Town

Many people are enjoying their weekends lately out at the lake, as did Pat Kane, his wife Carol, and their little girl Kerri, who were joined by brother Tim, his wife Sandy, and their two children, Robin and Mark. Then brother Doug and his wife Donna showed up, with their friends John Kambouff, Brenda Bell, Ken "Jack" Browne and Bob Coles. Everyone had a good time at Lac La Nonne, boating, roasting wieners, and just taking it easy. Donna and "Jack" even went in briefly for a bit of water skiing.

You know when someone tells you to take a walk? Maybe they've got the right idea.

Something for everyone at camp

Arrangements are well underway for the Family Craft and Recreation Camp to be held this year at Wabamun Provincial Park from July 19 - 23. The camp, now in its sixth year is going to be bigger and better than ever before.

It is a camp for all ages - from babes in arms to grandparents! It is a camp where each family member can choose an activity they would like to do, and stay as long as they wish.

There are special programs for the 6-12 year olds, such as kite building and flying, batik, hiking, puppetry and claywork. For the teens and adults there will be pottery, spinning, weaving, lathercraft, birdwatching, archery, flyfishing, water skiing and sailing, to name but a few. The under six year olds will have a new supervised program, set up in the shape of a daisy, each petal having a different activity in which the child can explore. This adventure playground is a large enclosed area in the centre of which will be a teepee. Here children can go to rest or sleep. Parents can be completely free of their

children during the teaching hours of the camp, and know they are having a good time and being well taken care of. On the other hand, the children can stay with the parents if they wish - entirely a laiszez - faire atmosphere.

Many people have been asking about the different activities available at the camp, the instructors and the set-up for family camping. To help those interested in knowing more, a series of articles will be in the Gazette over the next few weeks.

The registration fees for the camp are nominal. Camping fees must be paid separately besides registration. Camping stalls cannot be reserved at a Provincial Park so get there early! Overnight camping is not a regulation in joining in with the crafts and activities. Families can stay for just a short while if they wish. Some husbands in previous years have helped their families set up camp then left to go back to their work. Single parent families seem to be able to manage splendidly at this sort of camp.

The class hours will be from 9 - 12 a.m. and from 2 -

5 p.m. There is plenty of time to have a leisurely lunch back at the tent and perhaps take a swim.

A general assembly will take place on the first night, Monday, after everyone has been registered. Instructors will be introduced and directions given of where to go for various crafts and recreation activities. A supply shop will also be set up so materials such as clay, yarns and cloth can be bought depending on the craft one chooses to participate in. A list has been made up of what people can bring from home for some of the crafts. For this and other information about the camp contact Debbie Siegal, Parkland Parks and Recreation, Box 178, Stony Plain, Alberta, or phone 963-2211.

There is also a slide and video tape presentation available of last year's camp. A

member of St. Albert Parks and Recreation or the Arts and Crafts Guild who are helping sponsor the camp, is prepared to come to any organizational meeting, whether community league, council or service club, to explain more fully and show the camp slides. The offer is open to residents of Sturgeon County as well as the Town of St. Albert. Please contact Rein Selles 459-6601.

Next week June 16th more information will be presented in the Gazette on the activities available for adults and teens.

Wednesday night of May 26th found the Kinsmen workers completing the erection of the 3,000 seat section of bleachers. There appeared to be some confusion at the beginning of the evening as to where each of the 'seat' sections of planking were to go, but with a little expert supervision the problem was solved.

**PREVENT FIRES

A penny pinching decision

The twists and turns of municipal government are indeed a wonder to watch.

At the regular meeting of St. Albert council last Monday night, which was hardly noteworthy, two routine items came up which indicated perhaps why the world is in the mess it is today.

Most people in St. Albert know that a major recreation complex was shot down in flames at the turn of the year. But the town is still having to pay the costs for a complex which turned out to be as dead as the dodo. The costs in question were \$3,000 in fees for the firm Batoni Bowlen who did detailed planning on the complex. Council voted that the fee be paid, but later in the session balked at paying out a maximum of \$350 for minor lacrosse.

Certainly there was no evil intent for this decision which came during the routine process of the agenda.

Main reason for not doling out the \$350 for minor lacrosse was that the budget had already been set this year and giving a grant would be a dangerous precedent. It would be interesting to know what minor lacrosse would have been able to do with the \$3,000, the amount going to Batoni Bowlen.

Similarly it would be interesting to know what could be done with the \$16 million of taxpayers money which went down the drain on the Lockheed Orion deal.

It is ironic that council can give out \$3,000 [in all due respect for a service performed for recreation facilities which never materialized] yet balk at a 10th of the sum needed for minor lacrosse's purposes.

Looking Through The Files

FIVE YEARS AGO
(JUNE 9th ISSUE)

Twelve guides and one leader were enrolled in the first Legal company, during ceremonies held May 19 at the first annual Mother and Daughter banquet. About 30 mothers and girls attended the banquet.

Mosquitoes and other flies are more numerous this season than for some years past. Swallows have been busy nest building for the past two weeks. Don't let their cheerful twitter and lively motions delude you into letting them reside under your eaves. They are a nuisance and they breed still worse nuisances. (From the Edmonton Bulletin July 9, 1887).

L. H. McKinstry head of the business education department of Paul Kane High School reports 23 students from grade 11 and 12 at both high schools are presently involved in the student work experience program, a joint venture of both St. Albert school districts.

Mr. McKinstry and Brian Kupsch of St. Albert High School are pleased with the way the program has been received by the local business community and said that the young people are gaining a good understanding of business practice.

For this year's crop of grads with degrees in law, business administration and engineering, it's been a disillusioning spring. According to one myth that dies hard, these were the graduates who were remaining exceptions to the general tendency for job-hunting to get tougher and tougher for people with lots of education and little practical experience.

Specialized business and professional graduates still have better chances of finding work than general degree holders, 40 percent and 50 percent of whom remain unemployed. But the specialists aren't finding the cushy types of jobs they expected.

They had been conditioned by the tales of the golden mid-sixties, when any business administration graduate could (supposedly) walk out of college and into high status high salaried jobs. New graduates who insist on looking for jobs of that calibre may go on looking for a long time.

"Nothing gives me more satisfaction than to watch boys running big offset presses at the Industrial Training Centre for the Handicapped," said Winifred Stewart, speaking at the Sturgeon Hospital Auxiliary banquet in Morinville last Saturday evening. She went on to describe how it took months to teach the press room how to hold a pencil, 14 years ago, and the painstaking process of bringing him to the grade three basic level. Mrs. Stewart also pointed out that the young men at the centre are their own mechanics and fully competent to keep the heavy machinery running and in good repair.

"We started with 25 children in the Winifred Stewart School at the Recreation Centre in 1953, and we now have 428," said Mrs. Stewart, but our purpose and ideals have never changed. Our purpose is to train each child to reach his fullest potential, vocationally, academically, physically and socially. We have the happiness of the child in mind - reaching his full potential brings happiness."

Father Donald Arseneault of New Brunswick is in St. Albert this week visiting with his cousin Mrs. Martin Nelson and her husband of 88 Grandin Road.

QUO VADIS

In evaluating the social-welfare state, it might be timely to reflect on a few basic economic truths, which have been proved many times in the course of history.

Governments cannot give to the people what they do not first take away.

You cannot multiply wealth by dividing it.

You cannot legislate the poor into economic freedom by legislating the wealthy out of it.

That which one man receives without working for, another man must work for without receiving.

Nothing can kill the initiative of a people more quickly than for half of them to get the idea that they need not work because the other half will feed them, and for the other half to get the idea that it does no good to work since someone else receives the rewards of their labors.

OTTAWA and Small Business

After controls — what?

By KENNETH McDONALD

A post-controls policy for the period immediately after wage and price controls have been lifted, is already being worked out in Ottawa by an elite group of non-elected officials. But the whole matter should be thrown open to public debate.

The control program was meant to shock Canadians into realizing the gravity of inflation. But unless the control period is used, and seen to be used, to establish a sounder basis for Canada's future economic direction, support for it will diminish rapidly.

Fundamental is a demonstration by Ottawa that it will attack the causes of inflation rather than the symptoms. That entails a gradual reduction in government spending and in the rate of growth of the money supply; stronger competition laws, lower tariffs and lower taxes; revised labour laws.

These are dramatic changes. Stronger competition laws would reduce the power of large corporations to control market segments. Rewritten labour laws would reduce the power of unions to control employees and the supply of labour. Deregulation, for example, air and surface transportation would reduce transport charges. Each affected group will feel its favored position threatened. Yet moves such as these are essential if the market

economy is to recover its health.

A substitute is needed for the present union/management confrontation, with its accompanying abuses on both sides. This could come through incentives — adopting employee stock ownership and profit sharing — or through giving unions a voice in management. Both parties have a self-interest in making the system work better. But it won't happen unless the alternatives are spelled out and examined honestly. The one unacceptable alternative is a solution imposed by government without public debate.

Postponing debate damages the control program. For example, when the membership of the Canadian Federation of Independent Business was polled in January, 1976, 77 per cent were in favor of it. Three months later, when an extension was proposed, only 42 per cent were in favour — a clear indication of fading support.

The program's results have been uneven because it is neither universally accepted (union labour opposed) nor universally applied (public sector settlements well above guidelines, public sector charges — airport parking etc. — exempted). Nothing could illustrate more plainly the urgency of achieving, before controls are lifted, a working consensus on what is to replace them.

The Canadian Federation of Independent Business ©

What Caught Our Eye

By Gazette Staff Writers

From the Financial Post: THE BUDGET RECOGNIZES SUN AND WIND

Budgetary mention of solar furnaces and wind generators would have been unthinkable three years ago, but it is a sign of the times that Donald MacDonald, the former Minister of Energy, Mines and Resources, wants Canadians to think about them now.

MacDonald exempted solar furnaces, wind generators, heat pumps, insulating material for pipes and ducts, and timer-controlled thermostats from the federal sales tax. It may not be enough to get the average consumer to lay down \$4,000 or more for a 3,500-watt wind generator, but there will likely be more than one person who will investigate the feasibility of such an investment. To put the exemption in perspective though, Egerton King, incoming president of the Canadian Electrical Association, says: "I would think the dollar impact of the tax reduction would be minimal, but it is an obvious indication of the way government would like to see these things developed."

Pembina MP Peter Elzinga speaking on - THE BILL TO ABOLISH CAPITAL PUNISHMENT

"While I believe in capital punishment for all premeditated murder or planner murder, which makes up approximately one percent of the murders committed, I also believe a more humane form of execution should replace hanging....

"The abolitionists claim that capital punishment is not a deterrent to would-be murderers. In my opinion this is an empty argument and completely beside the point. There is no way to determine how many murders were not committed by those who wanted to commit the act but did not for fear of execution. The question should be, does the supreme crime demand the supreme penalty? In effect do we place the highest possible value on the life of the victim? ... To say that the death penalty is no deterrent is to say that men do not fear death, and I find that to be a rather incredible assertion. Fear of death in my view is an instinctive reaction. I ask how many of us in this Chamber do not value or fear for our lives? Life is regarded by man as a precious possession which he wishes to preserve more eagerly than anything else. He would therefore defend it to the utmost against every threat of capital execution.

Inexplicable computer error has resulted in triangular bedspreads. Choice of colours and designs. Entertaining bids on entire lot of 22,500.

Will the lady who asked me to mind her parrot and ironing board at the O'Hare Airport in Chicago and then forgot to come back, please claim same. The parrot squawks constantly and my wife is on my neck.

From June 1976 "Newsletter" ENERGY AND OUR WAY OF LIFE

A pessimistic look at an imaginary day in 2070 graphically introduces the reader to a dependence on energy for our pleasant, comfortable way of life.

This small booklet, based on the Federal government's "Energy Policy Analysis" presents facts and figures on Canada's energy resources today and for the future in a well written, precise manner suitable for high school use.

Included are brief discussions on such topics as "What are Canada's energy policies," "Should Canada sell her resources" and "Is there an energy crisis in Canada?"

Even though the pamphlet admonishes the student to "not have the wool pulled over his eyes" about energy matters, there are several important areas not discussed.

The "golden age lies ahead" for nuclear energy, but the physical dangers and moral problems associated with nuclear energy and particularly with the increasing sale of Candu reactors, are not mentioned. Also missing is a consideration of the effects of increasing energy demands on our environment.

The most important omission is any suggestion that there is an alternative to an ever-increasing consumption of energy, predicted to increase four-fold in the next 30 years. That alternative being to encourage Canadians to slow down, or even reduce their energy consumption.

This paper is designed to inform our youth about our national energy situation, and our Federal government's energy policies.

At the beginning of the booklet, a rather horrendous day was described, featuring reading by candlelight, washing by hand, over-crowded schools and buses.

The reader is then assured that such a way of life is just a "fiction story." OH?

The Bike-a-thon registration desk at Lion's Park was a hive of activity all day Saturday. Bike-a-thon riders checked in before they started out on the 35 km. course, checked in at the end of each lap, and received their certificates upon completion of the course. Between laps the headquarters also served as a 'pop stop' for tired and thirsty riders of all ages. Most of the riders in the picture are taking a break before setting out on the final leg of their journey.

from the Mayor's office

Gambling casinos: The social benefits and costs

The Government of Alberta is granting licenses to operate gambling casinos to various service clubs and charitable organizations. The rationale underlying the legalization of gambling in our community is based on the premise that the social benefits the citizens as a whole receive from directing the profits earned from gambling to certain worthwhile community projects exceeds the personal pecuniary and social costs incurred by individuals who suffer losses

at the gambling tables. Clearly, there are moral issues and individual and societal considerations which must be faced if the financial proceeds derived from gambling operations are to be used in the best interests of all the citizens. In my opinion St. Albert does not wish to encourage gambling for gambling's sake or to become known as the Las Vegas of the Edmonton Metropolitan area. We must have a community consensus on this matter.

THE EXISTING SITUATION

At the present time one public casino has been held in St. Albert, another one is planned for Rodeo Days and approximately three more are on the "drafting board." There may be additional proposals which have not been drawn to my attention. It is suggested that it is necessary for the community to formulate policies regarding:

1. the number of casinos which are allowed to function in St. Albert during a given year; and

2. the manner and way the profits earned from these gambling operations can be channelled into areas which are deemed to have an overall net benefit to the town.

As matters presently stand there has been a lack of information, consultation or discussion with the various groups which have held or are planning to hold casinos in order to sponsor various community projects. It is

submitted that the various sponsoring agencies should hold discussions with their local government representatives in order to ensure that matters are co-ordinated and that some overall guidelines are established giving the operations of casinos in our area. It is suggested that a meeting or a series of meetings on this topic would also give individual citizens an opportunity to express their viewpoints regarding the introduction of a number of legalized casinos into the community.

In closing, I have held brief informal conversations with members of the Attorney General's Department and I am convinced that excellent support and co-operation will be forthcoming from that Department. In my opinion there should be a moratorium on any further casino operations after the St. Albert Rodeo until matters have been considered and the appropriate set of guidelines have been established.

A bright new musical revue next at the Citadel

Opening June 12 for a short run of 17 performances is a bright new musical revue from Vancouver - WE3. Featuring music from the shows, WE 3 joins the powerful voice of Leon Bibb, well-known to Edmonton audiences through his outstanding performances in the Citadel's production of Jacques Brel and the recent musical revue of Jacques Brel with the Edmonton Symphony. There is also the versatile voice of Gail Nelson, a singer/actress/dancer with many Broadway credits, to the stylistic piano accompaniment of Stan Keen.

WE 3 is a delightful musical revue filled with great songs - some romantic, some amusing, some poignant. It is made up of memorable moments from American musical theatre including songs from Porgy and Bess, St. Louis Woman, Lost in the Stars and Show Boat.

All the songs in WE 3 are taken from what Ms. Nelson termed "the wealth of musicals about the black experience." Many of the songs have more to do with life itself than the black experience.

Enthusiastically received

in Vancouver and Seattle, WE 3 is casual and comfortable, a refreshing evening of music, song and dance.

For a most pleasant evening's entertainment, catch WE3 at the Citadel, June 12 to June 26. Tickets are available at the Citadel Box Office 424-2828.

"Are you the wise guy who's been enquiring for a classroom?"

"The Parade Kids" were at the head of the parade at the conclusion of Sunday's performance of "Pinochio Plus" presented by the St. Albert School of Dancing. The group was made up of the following dancers: Michelle Kostiw, Barbara Coster, Buffy Brown, Leane Kostiw, Mary Dale Stanley, Nicole Ethier, Susan Felch, Deborah Micetich, Ellen Wutzke and Shane Roberts.

District No. 6 news

The education meeting of the St. Albert Protestant Separate School District No. 6 at Sir George Simpson School on Wednesday, June 2nd was held to discuss the evaluation report on Sir George Simpson School. This report was prepared by the Edmonton Regional Office of Alberta Education and 14 members of an evaluation team had spent about a week at the school in order to produce the report.

The evaluation of the junior high school was requested by School District 6 in late 1974. District staff and administrators felt that an evaluation would be valuable to the district especially in a developmental context.

The printed report, comprising 85 pages, deals with all aspects of the school: physical plant, philosophy, administration and curriculum. The number of recommendations totalled 98. Many of these related to physical plant and maintenance and carry cost factors such as provision of additional lockers or shelving.

There were some recommendations in the area of job disciplines of the clerical staff and procedures used for duplicating. It was suggested that a photocopy be placed in the school.

Of the five recommendations relating to the mathematics program, three are already in effect and the remaining two were found to be acceptable by the principal and teachers. In addition to recommendations, a commendation was handed out by the evaluator who found that the math teachers are interested in the individual needs of the students

and that they have developed a good rapport. The classroom atmosphere is conducive to the development of good mathematics program and math learning.

Social Studies teachers also received a commendation and five recommendations. A number of these recommendations are now in progress.

Mr. John Arnot, principal of Sir George Simpson School, advised those attending the education meeting that the staff of the school had received the report very well and that no bombshells were contained in the evaluation. He added that many of the recommendations involved cost factors.

Mr. Arnot had prepared a summary of the recommendations broken down into acceptable or unacceptable classifications and denoting the appropriate responsibility. Of the 98 recommendations, only two were unacceptable. Responsibilities were shown as follows:

54 were considered school administration responsibility

25 were considered school board responsibility

13 were considered district office responsibility

The remaining six were thought to be shared responsibility.

Around Town

Eike Blodgett of St. Albert has a show of raku fired pots at Stony Plain Multicultural Centre. She exhibits with Jack Riddell, a painter till the end of this month.

Canada week celebration slated

More than 1,000 Canadian communities from coast to coast will celebrate Canada Week June 25 to July 1.

The week of festivities including, picnics, concerts, sports events, art contests, parades, flea markets, and canoe jousting will lead up to Canada's national birthday

holiday celebrations July 1.

Birthday celebrations in Ottawa, the national capital, will include Bobby Grimby, Canada's 'pied piper' sailing down the Rideau Canal followed by a flotilla of canoes filled with youngsters singing his popular patriotic song, Canada. A Great Canadian Birthday Party,

sponsored by the Ottawa Folk Arts Council will feature a giant cake and fireworks. A mammoth family picnic-in-the-park will take place in Ottawa's Vincent Massey and Hog's Back

Parks and the Mooney's Bay beach and sports area. There will be traditional picnic games, singing, dancing and continuous live music from noon to dusk, a fitting finale to Canada

Week. Festivities are co-ordinated by the Council for Canadian Unity, a non-profit, non-political organization with members in all 10 provinces and the territories. During the eighth annual

Canada Week, Canadians are invited to get to know each other better, to become more aware and develop a better understanding of themselves and their multicultural heritage.

ABC offers bonds to public

The Alberta Energy Company Ltd., announced it has filed a preliminary prospectus for a proposed issue of first mortgage bonds to be offered to the Canadian public.

The bonds will be offered in all provinces by a group of investment dealers headed by Wood Gundy Ltd.

AEC Power Ltd., is now building a utilities plant to provide electric energy and

steam to the Syncrude project, a project for the production of synthetic crude oil from the Athabasca Tar Sands in Alberta.

The estimated cost of the utilities plant is \$300 million and AEC Power Ltd., plans to finance 90 percent of the utilities plant by debt and 10 percent by equity.

AEC Power is owned two-thirds by Alberta Energy Company Ltd., and one-third by Calgary Power Ltd.

Alberta Achievements Awards

Deadline for the 1976 Alberta Achievements Awards nominations is September 3rd.

Alberta's annual Achievements Awards program is designed to honour those individuals and groups who have through education and sport, the arts, humanities and sciences, or in other ways, made extraordinary contributions to the enrichment of life in the province.

There are excellence awards for those who have

gained national or international recognition in a professional, occupational or voluntary capacity during the past year. There are also service awards for those who have given 10 or more years service in the province in an area of strong impact. Finally there are competition awards for those who have excelled in sports and non-sports fields. Candidates here must have competed as representatives of Alberta from September 1, 1975 to August 31, 1976; they must have been placed either first in a Canadian national championship sanctioned by the national governing body; or they must have been placed first, second or third in recognized international competition.

For further information and nomination forms, write today to Alberta Culture, Achievements Awards Program, 14th Floor CN Tower, Edmonton, Alberta T5J 0K5 or phone 427-2926.

Calgary Power shares available

A program to make Albertans aware of the opportunity to purchase new shares in Calgary Power Ltd. is being carried out by investment dealers in Alberta.

The company, which has 98.9 percent of its common shares registered in Canada has emphasized it wants to remain Canadian and increase its number of shareholders in Alberta.

The success of an offering last fall, which saw the number of shareholders in Alberta increase to 5584, has made company officials certain of the continued interest of Albertans in Calgary Power.

Between laps, little Danielle Berry was assisting the Lion's members distribute pop to the bike-a-thon riders last Saturday morning. Danielle actually completed the three lap - 35 km. course in a reasonable length of time, considering her age. However, her father, Bill, receives some of the credit since he did most of the pedalling while Danielle coached him from the back seat of the bike.

Help yourself to a dozen different ways with Royal Certified Service.

All the banking services you're likely to need, in one convenient package - for one small monthly fee.

Here's what you get:

1. Unlimited Chequing. If you pay a lot of bills by cheque, this alone could offset the monthly fee.
2. Overdraft Protection. It can come in handy. And it can save you from embarrassment.
3. Free Personalized Cheques. You can have your name, address and telephone number on your cheques.
4. Pay-Yourself Savings Service. Makes it easier to manage your money by transferring funds from your chequing account to various savings accounts.
5. Bill Payments. No service charge when paying bills.
6. Safe Deposit Box. You get a certificate towards the cost of a safe deposit box or safekeeping service.
7. Cheque Cashing - Coast to Coast. You can cash your personalized R.C.S. cheques up to \$100 at any Royal Bank across Canada - and not have to wait for cheque verification.

8. No-charge Money Orders. Save the service charge on personal money orders.
9. Reduced Termplan Personal Loan Rate. You're entitled to a special reduction off the current interest rate on Termplan Personal Loans.
10. ChargeX. You automatically get a convenient ChargeX card.
11. No Commission on Travellers Cheques. You won't be charged the usual commission when you purchase travellers cheques.
12. R.C.S. Card. You also get a special Royal Certified Service Card. It identifies you as a valued customer of the Royal Bank and entitles you to all the special benefits.

Drop in today and ask for a Royal Certified Service application.

Teen news and views

By Kelly Daniels

You've probably at one time or another heard something about one of the teen clubs which is operating in the town. Well there's a rather unique club which has been trying to get off the ground for the last little while and I'd like to tell you a little bit about it.

East Side Teens was established approximately a month and a half ago as a result of a public meeting which was called by a concerned

parent and at which I was in attendance. The concern was over the lack of places for teens to go and the lack of things for them to do. To try and concentrate their efforts on a workable population the group was representative of adults and teens from the Braeside, Forest Lawn, Akinsdale and Sturgeon area, hence the name "East Side Teens." They have been meeting every Tuesday night at Paul Kane High School and the core group consists

of six adults and four teens. They are: Mrs. L. Easson, Mrs. Fizzell, Mr. J. Foley, Mrs. G. Kelly, Mrs. V. Thomas, Mrs. C. Wilson, Rick Cole, Bob Makichuk, Mindy Moore and Paul O'Neil.

This group is particularly unique in that the teens have realized that necessity of adult involvement in many of their endeavours. The adults in turn are not necessarily parents of those teens involved but are giving one

night a week to assist the youth of St. Albert. The club is trying to meet the needs of the youth in that area by allowing the teens to work towards their own goals but with the added resource of adult experience, influence and general support.

I feel this organization is definitely moving in the right direction and I applaud all those involved. If you would like to join this group please phone Rick Cole at 459-6574 or come out to Paul Kane at 7

p.m. Tuesday night, both adults and teens.

Also if you do not live in this area but would like to get something similar in motion for your community, please feel free to call me at 459-6601 and we'll get it off the ground.

HORSEBACK RIDING

The St. Albert Swaybacks have really been busy this week. This group of junior high teens from V. J. Maloney went riding last week with the entire group piling into Mr. Thiessen's car. On Saturday they held a car-wash at the Sturgeon D & A and thanks to the support of Mr. Dan Boisvert, the manager, and the many dirty cars in St. Albert, they raised

enough money to really start operations galloping.

Many thanks to those adults who are supporting this group. Without your help there would be about 15 more bored teen-agers in St. Albert.

By the way Suzie, I hope you did a little more riding than walking this time. The horse isn't suppose to come back alone you know!

PAPER DRIVE

East Side Teens will be holding a paper drive this Sunday afternoon. This is their first money making activity so if you can save those papers, there will be someone around to pick them up on June 13th.

OPENING SOON!

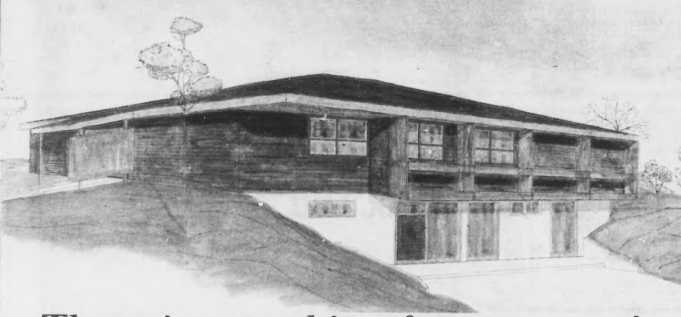

QUALICO DEVELOPMENTS will officially present a COMMUNITY CENTRE, with all its recreational facilities, to the TOWN OF ST. ALBERT.

This COMMUNITY CENTRE is only one example of our sincerity and concern for the happiness of your family.

In Akinsdale, St. Albert you can enjoy

a lifetime of total living.

This concept implies peace and quiet with:

There is something for everyone!

An environment where you can expand your leisure hours doing something, **YOU REALLY LIKE TO DO**. This desirable COMMUNITY CENTRE features: *Kitchen facilities *Changing rooms *A meeting place *and is adjacent to a 10-acre park.

THE THING OF THE DAY!

Two tennis courts with flood lights.

A skating rink and a hockey rink with flood lights.

Akinsdale, St. Albert is the place to be.

Five fully furnished show homes on Akins Drive, open 1 p.m. to 9 p.m. weekdays and from 1 p.m. to 5 p.m. on weekends. Visit our show homes now!

REALTY

Urgency of PM's

remarks applauded

Prime Minister Pierre Trudeau's speech to the Inaugural Session of the United Nations Conference on Human Settlements received a stamp of approval from the first meeting of the Canadian Habitat Observer team.

Chairman H. Peter Oberlander, one of the early advocates of bringing the UN HABITAT Conference to Vancouver, said later Monday that when the Prime Minister called for immediate action, but not before inventory is taken, he was referring to "an inventory of solutions, not a review of the same old problems we already know about."

Mr. Trudeau's remarks were further applauded for their sense of urgency by Dr. Trevor Lloyd, director of the Centre for Northern Studies at Montreal's McGill University and a member of the observer team.

Dr. Lloyd compared Mr. Trudeau's speech with that given Sunday by anthropologist Margaret Mead at Habitat Forum, saying that it was "encouraging that both a leader in the field of anthropology and a national leader should be thinking about speaking along the

same lines -- those of action."

Professor Robert Macleod from the UBC School of Architecture further pointed out that both Ms. Mead and Mr. Trudeau made it quite clear that modern technology is capable of solving today's problems and that it is only a certain lack of humanity which prevents their solutions from surfacing.

Miss Hoefle passes

HOEFLE, Josephine Maria On May 23, 1976, Miss Josephine Maria Hoefle of the Venta Nursing Home, Edmonton, passed away, aged 88 years. Survived by one brother, Eugene Hoefle of White Rock, B.C., eight nephews and eleven nieces. Mass of Christian Burial, Thursday, May 27th, 1976, at 10:00 a.m. at Sacred Heart Roman Catholic Church (10821 96 Street) Rev. E. McCarty will be the celebrant with interment in St. Joachim's Cemetery. Park Memorial Limited, Funeral Administrators and Directors, (The Chapel on the Boulevard), 426-0050.

Terrault's renew vows on 50th anniversary

On Saturday, May 29, the St. Albert Roman Catholic Church was the scene of a beautiful ceremony in which Mr. and Mrs. Henry Terrault renewed their wedding vows on the occasion of their 50th wedding anniversary.

The ceremony was performed by Father J. Joly, who was assisted by Father Roy, Father Hesse and Father Labonte, the guest

husband, Soloist for the mass, was Simonee Alice Houle accompanied on the organ by Mrs. B. Kennedy. The bridegroom was attended by Mr. Floyd Vollrath, Mrs. Mary Terrault was the bridesmaid as she had been 50 years previous. At the mass, a special scroll from the Pope was presented to the "young couple."

Mr. and Mrs. Terrault have three children: Mrs.

Glades Barle, Mr. David Terrault and Mrs. Alice Houle; 16 grandchildren and four great grandchildren. All were in attendance. To further celebrate the happy occasion, the children and grandchildren held a banquet and dance for Henry and Clara, at the St. Albert Community Hall. The transportation from the church to the hall, which was very artistically decorated, as

provided by a 1930 Model T Ford. Chauffeur for the "wedding car" was Mr. Leo Brenneis.

An excellent meal was provided by Trio Catering. Master of ceremonies during and after the meal was Mr. Armand Savoie. Presentations to the wedding couple included plaques from the people of St. Albert and the Community League; and scrolls from the Pope, Prime Minister of Canada and Premier of Alberta.

To complete the evening, the Satellites entertained the couple and their guests with a variety of music.

Out of town guests were from Montreal; Wichita, Kansas, and Vancouver, B.C.

Mr. and Mrs. Terrault have been long time residents of St. Albert. They were married in Morinville on June 1, 1926 and have resided in St. Albert and district since that time. Henry and Clara have been active in many community organizations during their residence. Henry is president of the St. Albert Community League and in 1974 was Citizen of the Year. Congratulations and best wishes to the Anniversary Couple!

MR. & MRS. HENRY TERRAULT

Report on the Pedal Pusher program

The Pedal Pusher program, sponsored by the St. Albert Safety Council, started on Monday, May 31, and continued each day up to Friday of that week. Despite less than ideal weather conditions, the children, on the whole, responded well to their instructors, and there was a noticeable improvement in the riding of most of them after the first three

days.

Cards and crests were given out to every child who completed the course, with some information as to where improvement was still needed, and in some cases, a recommendation that the child repeat the course next year.

The St. Albert Safety Council is grateful to the Dept. of Parks and Recreation, and the Dept. of Public Works for preparing the pedal pusher layouts at the five locations.

Thanks are due to those schools which co-operated by placing the barricades in position, thus keeping the grounds clear of vehicles. Unfortunately in the Grandin area some motorists persisted in parking their cars on the circle and line layouts, thus making it hard for the instructors to keep the whole class occupied, as much of the working area was reduced.

All children who participated in the pedal pusher program are to receive a fluorescent safety flag, for mounting on their bicycles.

The majority of the cost of these flags is to be underwritten by the RCMP and Canada Safeway, parents having contributed 50¢ each for their children. Practically every child who does not already have such a flag has requested one -- an indication of the concern for bicycle safety felt by these parents. The St. Albert Safety Council wishes to

thank the RCMP and Canada Safeway for their generosity in bearing most of the cost of these flags.

It is hoped to get the flags out to the children this week.

We also want to thank the many who became involved in the program -- the co-ordinators for their planning and general organization, the instructors for their hard work at each session, the bike checkers, many of whom helped also with instruction.

Last but not least, we thank the children who showed such enthusiasm as to make all the hard work worthwhile.

Safe riding, St. Albert.

\$1776 poetry prize

A \$1776 grand prize will be awarded in the Bicentennial Poetry Contest sponsored by the World of Poetry, a monthly newsletter for poets.

Poems of all styles and on any subject are eligible to compete for the grand prize or for 49 other cash or merchandise awards.

Says contest director Joseph Mellon: "We are looking for poetic talent of every kind and expect 1976 to be a year of exciting discoveries."

Rules and official entry forms are available by writing to: World of Poetry, 801 Portola Dr., Drawer 211, San Francisco, California 94127.

Contest deadline is July 31, 1976.

Real Jacques Gaboriault.

MASTER OF BUSINESS ADMINISTRATION

Lech Julian Romanko.

BACHELOR OF COMMERCE

Janice Lee Unterschultz, Patricia Anne Visman, (with Distinction), Clifford Gregory Sustrik (Gibbons).

BACHELOR OF SCIENCE IN AGRICULTURE

Stephen Raven, Henry John Vande Vliet.

BACHELOR OF SCIENCE IN FORESTRY

Craig Douglas Neeser.

Thirty-six year residents of St. Albert Mr. and Mrs. T. Hodgson celebrated their 50th wedding anniversary last month (May 21).

They were "remarried" at the St. Albert Roman Catholic Church, scene of their marriage 1926 when Mr. Hodgson exchanged marriage vows with the then Helen Cunningham.

About 200 relatives and friends attended the reception in the St. Albert Community Hall after the re-exchange of vows, 18 of these grandchildren, three great grandchildren, as well as five sons and two of three daughters.

A highlight of the reception was some excellent fiddle playing by 76 year old Mr. Hodgson, still in fine form to please the musical ear of his 69 year old wife who has her birthday June 18th.

Mrs. Hodgson was born on a farm about two miles north of St. Albert and her husband in Villeneuve. After the couple got married they moved to a farm in Calahoo where Mr. Hodgson owned a sawmill. In 1940 they moved back to St. Albert where they have lived ever since.

Mr. Hodgson used to work with the Town of St. Albert before he retired and also saw service in the Second

World War with the United States Air Force on ground crews.

The couple will remember their 50th wedding for the many gifts both of money and presents they received for the occasion. Their 50th anniversary was also remembered by the Town of St. Albert who gave the couple a souvenir plaque. The Provincial Government gave the

couple a commemorative button.

And the following messages of congratulation were read out by daughters Violet and Vera - Congratulations from his Holiness, the Pope, Archbishop McNeil, Governor General Leger, Prime Minister Trudeau, Lieutenant Governor Ralph Steinhilber and Premier Peter Lougheed.

Seniors plan summer program

On Tuesday, June 1, the Kinsmen held the last bingo of the season for the seniors and there was a "full house" for the occasion.

Prizes were won by Teresa Laplante, Thyra Parker, Gerie Belley, Ellen Bailey, Lily Millar, Dorothy Newman, Sam Liptak, Mac Morrison, Nap Belley and Larry Nash. The winners of the door prizes were Lily Szuba, Helen Hodgson and John James.

Since Christmas, members of the Kinsmen Club have organized and run a bingo in the Centre every other Tuesday evening. They've also provided lunch, door prizes and subsidized the prizes won at the games.

The excellent attendance on these Tuesday evenings indicated their popularity and the seniors have been very appreciative of yet another of the Kinsmen's community projects.

From now on, whilst bingo will be played alternately on Tuesday afternoons at 1:30 p.m. At the card party held on Tuesday, June 8, first prizes were won by Dan Richardson and Louise Borle while Mary Van Tighem got a consolation prize.

Drop-in times at the Centre are on Monday and Wednesday evenings from 7 - 9 p.m. There are books to be read, television to watch, friends to meet and games to play.

At 1:15 p.m. on Thursday,

June 10, Dan Richardson will be showing his excellent slides taken on holidays in Ireland. This presentation follows the lunch served at the Centre to a restricted number of people - but everyone is welcome for the slide presentation. Anyone interested in the meals-on-wheels program at the Centre should phone Hettie Blades at 459-4756 or Pat Gray at 459-7476.

The first of the proposed trips was due to take place on Wednesday, June 10, when a party from St. Albert were travelling to Lacombe for the day. Other trips will be organized during the summer. Watch this column for information or the notice board at the Centre.

50 year class reunion held in Camrose

Mr. and Mrs. Harold Vague of St. Albert returned May 29th from a trip to Vancouver and San Jose, California. They visited brothers in Vancouver and an aunt in San Jose.

On Saturday, June 5th, Mrs. Vague (nee Lillian Lindberg) attended a '50 years' class reunion in Camrose. It was the Normal School class of 1925-26. Many were present - about 50 were deceased. Mrs. Vague shook hands with over 80 former classmates, out of the 302 that graduated in 1926.

Jimmy Fraser (Col. Fraser) came the greatest distance, all the way from Montgomery, Alabama. He was presented with a plaque and won a book written by Stan Hamby, Bessie (Bell) Howe attended from Kingsville, Texas. She was presented with a white Stetson.

Helen (Bolton) Ross and Mr. and Mrs. Harrie Stuve received "Thank You" gifts. Sally Capsey was in charge of the food and Stan Hamby was master of ceremonies.

It was an enjoyable gathering. The Normal School was closed after the 1939 class to become "Rosehaven."

AGT distance dial service complete

Alberta Government Telephones' 15-year, multi-million dollar program for province-wide Direct Distance Dialing telephone service was completed on Saturday, June 5, 1976. On that date DDD service was introduced in Bonnyville, St. Paul and Vilna. DDD provides telephone users the convenience of automatic access to the long distance calling network throughout Canada, the United States and Mexico.

AGT initially installed DDD equipment in the Red Deer exchange in 1961 and since then DDD service has been introduced on a progressive basis to all areas in Alberta. In 1963 Lethbridge became the second toll centre to receive DDD service, then Calgary (1964), Edmonton and Peace River (1966), Drumheller (1969), Grande Prairie (1970) and

Medicine Hat (1973).

During 1974, Brooks, Edson and Hanna received DDD and in 1975 the service was introduced in Camrose, Stettler, Vegreville, Wainwright and Wetaskiwin. June 5, 1976 marked the final "DDD cutover" in Bonnyville, St. Paul and Vilna.

The completed DDD program, estimated to cost between \$15 - 20 million, signifies the beginning of the next phase in telephone service. In August, 1976, AGT plans to introduce a new service called "Zero-Plus Dialing," to telephone customers in Edmonton and vicinity. Zero-Plus Dialing permits callers to dial long distance calls such as person-to-person, collect, credit card and third-party billing calls with a minimum of help required of the operator.

Zero-Plus will allow op-

erators to handle more long distance calls on efficient, automated switchboards designed to cope with the ever-increasing demands being made on the System.

After Zero-Plus has been turned up in Edmonton, the

new service is tentatively scheduled for Calgary, Lethbridge, Medicine Hat, Red Deer and Vegreville in 1977-1978. The remainder of the province is under current study for future expansion.

Coliseum of stars to have country show

Loretta Lynn and Conway Twitty, voted the best country duet in 1973 will headline the Country Show, for the Coliseum of Stars. Appearing with Loretta and Conway will be Emmylou Harris, a fast rising star in the country music field.

Loretta Lynn began sing-

ing at the age of 13, and today gives 200 concerts a year in cities all over the world. Her honours include being named top female vocalist by the Country Music Association twice.

Conway Twitty, Loretta's recording partner, has in his long recording history, had 28 consecutive #1 selling records. Twitty is not only a superb recording artist, but a talented song-writer and successful businessman.

Emmylou Harris is a star in her own right. Her first song, "Pieces of Sky's" was a #1 seller and last summer she recorded "If I could Only Win your Love," which promptly became the number one song on the Country Charts.

Have A Soup-er Supper

Nothing warms body and soul better on cold or murky days than a big steaming bowl of homemade soup. Somehow the world takes on a rosier glow as the warm liquid-filled with products of a successful summer garden--does for the inside what fuzzy slippers and an overstuffed easy chair do for the outside.

Extremely nourishing and economical, soup has been a basic food in every country and with every civilization throughout the ages. France has its pot-au-feu, Italy its minestrone, Russia its borscht and China its bird's nest soup. Since time immemorial people have kept the stock pot simmering all day on the back of the kitchen stove.

In France, soup is still the basis of national diet. The word "supper" is derived from the French term "La Soupe," which has been the name of the evening meal in parts of rural France for hundreds of years.

One of the most popular of French soups is bouillabaisse. A variation of this French delight is served at the Holiday Inn in Buena Park, Calif., in which seafoods and seasonings are simmered slowly in a filled with burgundy wine. Another hearty meal-in-a-bowl served at the Buena Park inn is a fascinating mixture of meat, vegetables and grain called beef barley soup.

Beef Barley Soup

- 6 lbs. beef bone stock
- 1/2 lb. (1 1/2 cups) pearl barley
- 1 10-oz. pkg. frozen spinach
- 1 4-oz. can tomato wedges
- 2 10-oz. pkgs. frozen mixed vegetables

SOUP-ER SUPPER--Warm up a cold, wintry day with a steaming bowl of homemade soup filled with juicy chunks of seafood and mushrooms simmered in wine.

- 3/4 cup chopped onion
- 3 stalks celery, chopped
- 1/2 large green pepper, chopped
- 1/2 lb. cabbage, shredded
- 1 bay leaf
- 1 cup burgundy wine
- 1/2 cup beef soup base
- 3 tsp. garlic powder
- 1/2 tsp. white pepper
- 1/2 lb. boneless stew beef, diced

Add barley to soup stock; cook 30 minutes. Add all other ingredients and cook until barley is tender. (Freezes well.)

Bouillabaisse

- 1 lb. halibut, cut in 2-inch cubes
- 1 2 1/2 can stewed tomatoes
- 1 4-oz. can tomato puree
- 2 large carrots, diced
- 1 large onion, diced

- 2 stalks celery, diced
- 3 cloves garlic, minced
- 1 tbsp. whole Italian seasonings
- 2 cups white burgundy wine
- 1 cup water
- 2 bay leaves
- 3 tbsp. chopped parsley
- 1 lb. fresh mushrooms, chopped
- 1 large dungeness crab, cut in chunks
- 8 large shrimp
- 8 cherry stone (large) clams
- 8 little neck (small) clams
- 8 mussels, well scrubbed
- Combine halibut and next 12 ingredients in large Dutch oven; simmer 30 minutes. Place clam shells in warm oven about 5 minutes to open. Add remaining seafoods and simmer 20 minutes. Serves 6. Scallops may be substituted for mussels.

459-7786

GRANDIN PARK

1100 sq. ft., 3 bedroom bungalow has a rumpus room, extra bedroom and bath in the basement. Has a beautiful fenced backyard great for barbecue. Loads of cupboard space in the kitchen. All for only \$64,900. CALL AL - 458-1741 or LORNE - 474-3989. OFFICE 459-7786

Koppe supports complete vision care

Dr. K. H. Koppe, Optometrist, opened his office at #12 Perron Street for business last Monday. Dr. Koppe has come to St. Albert from Athabasca, Alberta, where he had been in practice for the past six years. He received his professional training at the University of California, Berkeley. Not only is Dr. Koppe a qualified and experienced optometrist, he is also fluent in German, French and is acquainted with the Cree language. Dr. Koppe, his wife and two children, aged four and five years are presently residing in St. Albert.

DR. K. H. KOPPE

DR. K.H. KOPPE
OPTOMETRY
FAMILY VISION CARE
12 PERRON STREET
PHONE: 458-3150

Dr. Koppe is concerned with complete vision care, in particular sub-normal vision in which special optical aids for the partially sighted are necessary. He believes that

the eyes and their physical condition are indicators of the total well being of the body. Through careful and thorough examinations on a regular basis conditions such

as diabetes, hardening of the arteries, kidney conditions and many other diseases can be detected through recognition of the warning signs which show up as changes in

the eyes, states Dr. Koppe. Not only is he interested in the present condition of the eyes, but also the condition that is likely to exist in the future.

New wilderness tour in Northwest Territories

Bathurst Inlet Lodge in the Cambridge Bay District of Canada's Northwest Territories offers a new wilderness tour for nature lovers.

Cambridge Bay is a settlement of 700 Inuit and white residents located on Victoria Island 175 miles north of the Lodge.

The new tour will focus on the nesting birds of the district many of which are seen at Bathurst only as migrants.

The bird life at Cambridge Bay has been described by

British authority Raymond Waters as being richer than any other Arctic area he has visited.

Guided excursions will be organized and bird blinds erected on nests for viewing and photography.

Side trips of historical interest will include a visit to Arctic explorer Roald Amundsen's ship, Maud, Inuit bird blinds, a stone church, and a grave site of the Franklin Expedition.

The Lodge is operated by Trish and Glenn Warner who have spent 20 years in the north with the Royal Canadian Mounted Police.

Noted naturalists-in-residence who are also bird-watchers, artists and photographers give guests every assistance.

The mean daily summer temperature is around 10 degrees Celsius, so bring cold weather clothing. Long, sunny days are the rule, so equipment should include sunglasses and skin lotion for protection. Tackle is available without charge at the lodge.

THE Informed Gardener BY HAMILTON MASON

The Indoor Potting Shed

You're tired of the mess of caring for plants indoors. The materials needed are scattered here and there and you've run out of ideas for orderly management. But Ortho hasn't. In their book, "The Facts of Light About Indoor Gardening," you'll find ideas that will help you to get efficiently organized, will help cut down frustrations, and will make indoor gardening the pleasure it should be.

If you're tired working at the kitchen sink because you get mixed up with dishes, pots and pans, it's simply a matter of better organization. Ortho shows you how, with detailed diagrams. Maybe you can't use all the ideas but you're bound to find some that will make your indoor gardening easier and more fun.

The messiest item, of course, is soil mix. It's forever getting on rugs if you have to carry it even a short distance. So, make a tilt-out bin for the mix under the counter and next to the sink. Spillage should be non-existent. If the construction work baffles you, simply follow the clear diagram provided in the book.

Other suggestions for the sink area include a slatted wood rack to set plants on for clean drainage after watering; hooks to hold bamboo stakes; a hanger hook for lowering and raising hanging plants; and even the how-to for attaching a length of hose to the faucet.

Then, there are two ideas (with detailed diagrams) about how to convert a closet, standard or walk-in, into a compact gardening area. Each one has an ample work counter with a plasticized surface ("Formica"), a lockable storage cabinet under the counter, and shelves (adjustable or not, as you choose) for over the counter and inside the cabinet. Everything is in a small, confined area—and there's no mess in the rest of the house or apartment.

You can't spare kitchen space? You don't have an extra closet? Then try another idea from Ortho's "The Facts of Light." Build a movable cart you can roll around to any convenient work area. The model diagrammed for you to build can serve for plant display, potting, or as a service bar when you entertain. It's easy to change uses because the top and drop-leaves are made of Formica—easy to clean. There are several drawers inside the cabinet. You'll probably want most of them for garden tools and supplies, but one or two could also double for buffet necessities. It's a great, multi-purpose unit for limited space indoors or on a patio or balcony.

There are instructions for making all these "potting sheds." The measurements given may not exactly fit your space and needs, but all you have to do is adapt and modify.

Major RCMP changes for North

A major reorganization of the RCMP structure in Northern Alberta is underway. The area involved is referred to as Edmonton Sub-Division and covers that part of Alberta from the B.C. border to the Saskatchewan border and north to the Northwest Territories but excludes the Peace River Block.

Edmonton Sub-Division was formed on April 1, 1932, when the RCMP took over the provincial policing from the Alberta Provincial Police. That area was policed with the establishment of 17 detachments.

In making the announcement of the reorganization today, Assistant Commissioner E. R. Lysyk, commanding officer of the Force's operations in Alberta, indicated that Edmonton Sub-Division had grown to such an extent that there were now more than 40 detachments and 700 personnel in that same general area.

The senior officers and supervisory Senior NCOs (12 in all) for that area are all located in Edmonton, a situation which has certain disadvantages.

The reorganization calls for decentralization and the commissioned officers will be relocated to reside in rural areas of northern Alberta, where they can keep in tune with day-to-day police requirements at field level.

Each officer will have six or seven detachments under his jurisdiction and control approximately 100 men.

To achieve this end a commissioned officer will be located at -

St. Albert (will supervise St. Albert, Morinville, Redwater, Westlock and Fort Saskatchewan).

Stony Plain (will supervise Stony Plain, Spruce Grove, Evansburg, Drayton Valley, Breton, Leduc, Thorsby and

International Airport).

Edson (will supervise Edson, Jasper, Hinton, Grande

Cache, Swan Hills, Whitecourt and Mayerthorpe). St. Paul (will supervise St.

Paul, Grand Centre, Bonnyville, Athabasca, Lac La Biche, Smoky Lake, Boyle

and Elk Point).

The reorganization will be underway during July and

August and should be completed before September 1, 1976.

EXCUSES

Some of the excuses recorded in Luke's gospel sound a little weak. "I have bought a piece of ground, and I must needs go and see it." Another said, "I have bought five yoke of oxen and I go to prove them. I pray have me excused." One pastor suggested that in order to meet excuses he should provide a cot at the church for those who wanted to sleep in, steel helmets for those who say the roof might fall in, provide score cards to list the hypocrites present, and TV for those who do not want to miss their favorite program.

Many people give the following excuses for not seeking after God: I'm too great a sinner, I must become better before I come, I have tried and failed, I can not give up my evil ways, I'll be persecuted if I become a Christian. The Christian life is too hard, I'm afraid of ridicule, I might lose my companions, I have no feeling, I've sinned away the day of grace or I have committed the unpardonable sin. The list could go on and on with things like: there are things in the Bible that I do not understand or there is someone I can't forgive.

Here is an interesting

verse from Romans 1:20, "for since the creation of the world His invisible attri-

butes, His eternal power and divine nature, have been clearly seen, being under-

stood through what has been made, so that they are without excuse."

Church backing for newspaper ethical code

The recent move by the Canadian Daily Newspaper Publishers Association to adopt a voluntary code of ethics received support this week from the Church of Scientology.

Two representatives of the Church, Carol Litchfield, 22, and Lorraine Chaisson, 20, presented the Association with a large framed copy of the various journalists' codes already in use around the world.

Dick MacDonald, Canadian Daily Newspaper Publishers Association Supervisor of editorial services, received the presentation on behalf of the Association. The editorial division is currently working on a draft code of ethics for Canadian journalists, under its principal sponsor and subcommittee chairman, Mr. Martin Goodman, editor-in-chief of the Toronto Star.

Mrs. Litchfield stated, "We see the new code as the first of its kind in Canada. Some years back, Bland Honderich, publisher of the

Toronto Star, set out the role of a newspaper in society, and we feel that the Associations' new code will help to reinforce this role - not only in newspapers, but also in television and radio."

Mrs. Litchfield maintained that besides raising the truth and integrity of news reporting, the proposed code should also respect freedom of information, an issue that

until lately, has been neglected in Canada.

"People have a basic right to know," she stated, "and with a good standard of ethical reporting and the data made freely available, people will be able to read, hear and see factual events and background - knowing that what is presented is the truth. It makes the world a safer place to live in."

Causes of Jehovah persecution in Malawi

Reports received from eyewitnesses tell of widespread persecution of Jehovah's Witnesses throughout Malawi during September and October, 1975. They have been abused by Malawi Congress Party members and even by government officials. Parents have been forcibly separated from young children, even infants, and placed in detention.

From the Malawian government's point of view, the issue is over buying the Malai Congress Party card, which bears the picture of Dr. H. Kamuzu Banda, life president of the country. Without this card Jehovah's Witnesses in many areas are

not allowed to buy food, draw water from wells, live in their homes or even have police protection.

From the point of view of Jehovah's Witnesses in the country, about 30,000 adults and children, the issue is one of religion and conscience, respect for which Malawi as a member of the United Nations avows.

Jehovah's Witnesses refuse to become members of the Malawi Congress Party or any other political party, but insist on a politically neutral stand, although this position has caused problems for them in many parts of the world.

Jamboree and Sylvan Lake

Camp Woods Scout Camp, 105 acres of woodland located on the southwest shore of Sylvan Lake in Central Alberta, will be the scene of the sixth Alberta

Scout Jamboree, "Jamgatta 76," from July 24 to 31.

2,000 boys, 300 leaders and 300 support staff will take part in the biggest outdoor event ever staged by the Scout movement in Alberta.

The main feature of the Jamgatta will be a highly challenging and entertaining waterfront program, including water skiing, swimming, canoeing, sailing and log rolling.

As well, there will be a variety of land programs including rifle range, archery, pioneering, sling shot, obstacle course and campcraft skills.

Boys will be attending the Jamboree from almost every province as well as over 200 boys and leaders from the United States and the possibility of some from Europe.

"YOUR COMMUNITY CHURCH"

Cities not designed for humans

Ideally people should all live in aesthetically pleasing surroundings and convenience so that the things we need -- space, air, food, household necessities as well as entertainment and recreation -- are within reach

with a minimum of strain. We need privacy to be alone to read, to study, to dream, to renew the soul. As well we need to feel part of a friendly, safe community. The way we live in many parts of North America tends to exactly negate these goals.

By far the majority of people live in isolation and inconvenience in large, ugly city sprawls. We live in isolated apartment cells or cramped, high priced, high density houses. Few of us are isolated enough not to be aware of the

blare of our neighbor's television. Yet within our individual housing units there's little privacy. Our neighbours are often complete strangers -- or even potential enemies. Parkland and park space grows more and more scarce. Yet live concerts and theatre which should be a bonus of big city living is prohibitively expensive and inaccessible for most people. We could use our electronic technology to bring art, music and theatre to people in neighbourhood cultural centres equipped with high fidelity sound.

getting her children out for a walk is difficult (few buildings have nurseries) and shopping is her main recreation.

She scarcely knows her neighbors and adult conversation and useful community work is cut off from her. We've been enticed on by a siren song of futuristic cities with moving sidewalks, totally electronically equipped, and a world brought

together by even bigger and faster cars and mammoth airplanes.

This plastic bubble burst with the realization that our civilization is running out of gas as well as coal and electrical power.

So when we begin to re-think about the way we want to live let's build cities for human and community needs, not for unlimited consumption and cars.

Sunshine and camping in Canada's National Parks

The beginning of June brings with it the sun, the birds and the warm weather, and for many people a return to the wide open spaces of Canada's national parks.

There is at least one national park in each province or territory, maintained for public benefit, education and enjoyment by Parks Canada.

Those who have not visited the National Parks and National Historic Parks and sites since last year will find new facilities in many of the parks.

There have also been some changes in Park Canada's fee schedule. Many of the fees

have been reduced. Motor vehicle licence fees will be collected in 17 National Parks in 1976.

In 1976 the vehicle licence fee schedule for developed National Parks is:

*one dollar vehicle fee for one-day visits with unlimited entry or exit;

*two dollars for visits of up to four days; and

*ten dollars for an annual permit providing access to any National Park in Canada.

These charges apply to motor vehicles entering National Parks. There is no entry fee for persons on foot, on a bicycle, in a boat, or on horseback, etc. Trailer fees have been eliminated and

there will be no entry charge for local commercial vehicles or through traffic.

National Park vehicle entry charges do not apply to Canadians age 65 and over. Senior citizens can obtain a free motor vehicle permit at any of the 17 parks where fees are collected. "The senior citizen identification card issued by the Department of National Health and Welfare would be the most appropriate identification."

Canadians, 65 and over, will also be admitted free to the four national Historic Parks where entrance fees are charged. (The Fortress of Louisbourg, Lower Fort Garry, Fort Langley and Fort George.) Entry to all other National Historic Parks and sites is free of charge for all visitors.

Camping fees in the National Parks remain \$3 for an unserviced site, \$5 for a site with electricity and \$6 for a site with electricity, water and sewer facilities. The cost of a fishing licence, valid in all national parks, is \$4.

Brochures on each of Canada's National Parks and National Historic Parks and sites can be obtained from Parks Canada regional offices in Halifax, Quebec City, Cornwall, Winnipeg and Calgary, or from Parks Canada, 400 Laurier Ave. West, Ottawa, Ontario, K1A 0H4.

The old school tie

Private-school graduates gravitate to the top rungs of Canadian society in disproportionately large numbers. That, at any rate, is the conclusion of The Financial Post Magazine in an article based on what it terms "an admittedly non-exhaustive mini-survey" of the curricula vitae of 524 leading Canadians. Although latest available figures indicate that private schools turn out only seven in every 100 secondary-school graduates, FP Magazine found in its mini-survey that almost one in four power positions are held by wearers of the old school tie. For example: 32% or members of the corporate elite surveyed had private-school educations; 36.4% of mayors of major Canadian cities and premiers shared the experience; and so too did 40.7% of multimillionaires. But private-school graduates weigh less heavily in the ranks of cabinet ministers, deputy ministers, and chief justices. FP Magazine suggests a number of reasons for the disproportionate number of preppies to make it to the top; they

include the power of the old-boy network and academic excellence due in large part to a much lower student-teacher ratio than in public schools. Locking up your daughters in private schools won't likely have the same effects, however. Of 10 leading women surveyed by FP Magazine, ranging from P.C. leadership contender Flora MacDonald to federal deputy minister Sylvia Ostry, not one was a private-school graduate. When girls make it good, concludes FP Magazine, it seems they do so entirely on their own merits.

Make mine a mudbath

The general acceptance of the therapeutic benefits of spa treatments - taking the waters - is sufficiently high in Europe that many insurance companies will pay for such therapy on the recommendation of a patient's private doctor. Why? They feel that, in the long run, it will save them money. So says Sherry Boeckh in an

article on Austrian spas in the current issue of *The Financial Post Magazine*. The article describes a cornucopia of treatments - everything from mudbaths, thermal baths, and underwater massages - available in the Austrian spa of Badgastein. They're for an even larger cornucopia of ills - ranging from arthritis, rheu-

matism, and some internal complaints, to plain old stress. Believers ascribe the curative powers of Badgastein's water to its radon gas content, says *FP Magazine*. Radon is a product of the decay of radium, and is radioactive. Indeed, it's the element that has been causing so much concern in the Ontario community of Port Hope. However, in the

concentrations in which it is present in Badgastein's waters, the gas is completely eliminated from the body within two to four hours. On its inward and outward journeys, say balneologists (practitioners of water therapy), it gives the body a healthy bounce by stimulating and renewing cells and glands, breaking down adenalin buildup, and relieving pain.

Summer is salad time, but variety is important both in ingredients and in the dressings. This creamy dressing combines Gouda cheese from Holland with curry for a new flavour complementing both fruit and vegetable salads.

Summer is Salad Time

A combination including Gouda cheese from Holland, sugar and curry may sound offbeat, but this creamy dressing has a unique and delicate flavour. It is a refreshing change from the overly tangy or strong-flavoured regular dressings, and particularly delicious with the Apple-Nut Salad (recipe below). The addition of cheese to the dressing also adds protein to the salad.

Holland Cheese Salad Dressing:

- 1 cup shredded imported Holland Gouda
 - 1 cup mayonnaise
 - ½ cup sour cream
 - 2 teaspoons sugar
 - ½ teaspoon curry
- Combine cheese with remaining ingredients; beat with elec-

tric or rotary beater until fluffy. Refrigerate. Toss with crisp salad greens or Apple-Nut Salad. Makes about 2½ cups. Any leftover dressing makes a great "dip" for chips or crisp vegetables.

Apple-Nut Salad

- 4 apples
 - 1 tablespoon lemon juice
 - 1 cup finely sliced celery
 - ½ cup walnut pieces
 - ¼ cup chopped raisins
- Holland Cheese Salad Dressing
- Core but do not peel apples. Cut apples into small chunks; sprinkle with lemon juice. Add celery, walnuts, raisins and enough salad dressing to moisten. Serve in lettuce-lined bowl or small individual salad bowls. Make 6 servings.

Jabberwocky is for children

The publisher of Canada's only general content children's magazine - 18 month old *Jabberwocky* - is paid \$50 an issue. The editor is the publisher's mother. The office is the publisher's one-bedroom apartment. The magazine has had a deliberately limited circulation of only 250, confined to public and school libraries, with a general subscription campaign just being started. Obviously, *Jabberwocky* is a shoestring, small fry operation compared to its longer-established U.S. counterparts, writes Susan Goldenberg in *The Financial Post*. Even so, the writing and illustrations are imaginative and well-done, and have

been praised by educational journals. Publisher Leslie Cowger, 27, works full-time as an accountant at a Toronto personnel agency. "I decided to start the magazine because I felt Canadian children should have Canadian literature, and Canadian children's story writers should have an outlet in Canada," she says. The magazine is generally about 30 pages, containing about 11 stories and poems. Most of the stories are written by young mothers and fathers but there also have been poetic contributions from a five year old boy and a seven year old girl. *Jabberwocky*, published quarterly, costs subscribers \$1.25 an issue.

"Rodeo" - Ballet recreated for 1976 Banff Festival

Rodeo, the highly-acclaimed ballet with music by Aaron Copland and choreography by Agnes de Mille, will be recreated during the 1976 Banff Festival of the Arts. This production and new works choreographed by internationally known members of the Banff School of Dance faculty will be presented each evening at 8 p.m., from August 3 - 6 in the Eric Harvie Theatre.

Rodeo was first performed by Ballet Russe de Monte Carlo at the Metropolitan Opera House in 1942. Agnes de Mille danced the lead role as the cowgirl. In 1973 it was added to the repertoire of the Royal Winnipeg Ballet. It is a traditional romance set in the American west where a cowgirl battles insurmountable odds to get her man.

Anna Markard, daughter of Kurt Jooss, will stage *Worker's Quarters*, her adaptation of part of her

father's ballet *Big City*. Jooss, one of the most celebrated choreographers, and theatre figures of the 20th century, has in the words of Agnes de Mille, "...evolved a dramatic, lyric style of his own so vivid, so telling and so clear as to achieve the lucidity recognizable in any great art."

For his contribution to the Festival ballet, Larry Hayden, of the Royal Winnipeg Ballet, has choreographed a pas de deux based on the Greek myth of Echo and Narcissus to an original music score by Frank Bourman. Concerto for Organ by Malcolm Arnold creates the background for a series of impressionistic dances by the National Ballet School's Earl Kraus. Co-artistic director of Les Ballet Jazz, Eva von Gensky, will be presenting an original work titled *Six Senses*.

Victor Feldbrill, associate conductor of the Toronto Symphony, will conduct the orchestra for ballet performances. The Banff Festival of the Arts runs from the 3rd to the 21st of August.

ENGAGEMENT ANNOUNCEMENT WAKEFIELD - PORTER

Mr. and Mrs. Laurence Wakefield are very pleased to announce the engagement of their daughter, Cheryl, to Steve, son of Mr. and Mrs. Frank Porter of Edmonton.

"I think you'll agree with me Mrs. Simes, we have a very unorthodox method of loaning money here."

You are under no obligation. We welcome the opportunity to serve you. Let us help!

14 PERRON STREET 459-7786

Lema - Fairfield exchange vows

A nuptial mass uniting Lorette Lema, daughter of Mrs. Juliette Lema and the late Albert Lema of St. Albert and Paul Fairfield, son of Mr. and Mrs. Lorne Fairfield of Calgary, was performed by Father Roy on March 27th at St. Albert Roman Catholic Church. Father Roy was assisted by Father Joly and Father Paul-Thompson of Fort McMurray. The bride and groom made the ceremony a very personal moment by writing their own vows to express their feelings for each other.

All members of both families were involved in the wedding ceremony, brothers, sisters, nieces and nephews assisting in some way. Mrs. Fran Schuchard was the organist and Mrs. Anna Kempfer was the soloist. Mrs. Kempfer sang 'Pans Angelica' during Communion. 'This Day God Gives Me' at the beginning of the Mass and 'Song of Joy' at the end.

Entering the church with

her mother and her brother, David, the bride was radiant in her long gown of white polyester crepe which fell softly from an empire waistline and extended into a full

train. The mandarin collar, bodice and cuffs of the long sleeves were adorned with pearls and embroidered lace. A wide-brimmed white hat and elbow length veil com-

pleted the bride's ensemble. Lorette carried a spring bouquet of white and yellow daisies and baby's breath.

Mrs. Angela Field was matron of honour for her sister, and Miss Joanne Fairfield, sister of the groom was bridesmaid. The attendants were lovely in their long gowns of yellow, floral patterned jersey. They too carried bouquets of white and yellow daisies. Two very young ladies, Leanne Burnett and Shelley Field, nieces of the bride and groom were flowergirls. Leanne and Shelley wore long dresses of yellow with eyelet overlay, and matching yellow bows in their hair.

The groom was attended by Nelson Scott, a friend from Fort McMurray and Roger Field, brother-in-law of the bride. Ushering the guests were David Lema, brother of the bride and Don Doering, brother-in-law of the groom. Five year old Darrell Doering, the groom's nephew, was a charming ringbearer. The groom and his attendants wore black tuxedos, frilled shirts and bow ties. Young Darrell looked very smart in a white suit, yellow shirt and bow tie.

The head table was beautifully decorated with floral arrangements of white and yellow daisies, mums and baby's breath. A lovely two tier cake, also decorated with delicate white daisies, graced the centre of the table.

Following the ceremony, a reception and dinner was held at the Club Mocambo for about 140 guests. To receive her guests the bride's mother wore a long gown of blue floral knit, complimented by a corsage of pink carnations. Mrs. Fairfield chose a long gown of dusty rose polyester knit, with a white carnation corsage.

Peter Lema, brother of the bride, was master of ceremonies at the banquet. The bride's brother Emilie, proposed the toast to the bride and Nelson Scott toasted the lovely bridesmaids. Following the dinner a dance was held for about 250 guests.

Out of town guests were from Calgary, Mission City, B.C., Grande Prairie, Fort McMurray, Red Deer, Legal. Lorette and Paul spent their honeymoon in Banff and are now residing in Edmonton.

MR. & MRS. P. FAIRFIELD

THE Washday ADVICE BUREAU

Save Money with Home-sewing

THERE are a number of very good reasons to sew your own clothes. Just for starters, consider the pluses in getting a better fit, co-ordinating your wardrobe from scratch, using better or more practical fabrics and, above all, saving money.

Just to prove how easily you can have an up-to-date new summer wardrobe, Simplicity-Style teamed up with Borateme-Plus to create a 17-piece wardrobe of easy-care garments. The entire cost of materials including notions for all the pieces was \$188.81.

This Borateme Collection will be one of the highlights of Canadian Designer Showcase, the travelling fashion show which tours Canada each Spring.

If you sew at all, and have an extra couple of hours in the day, you should be making at least some of your own clothes. Although winter clothes require more elaborate construction and lining, there is absolutely no reason why you shouldn't whip up a few spring and summer outfits. The money you save by making the clothes, can take you out to show them off. This way you can be a two-time winner.

Shrinking violets who have

never threaded a needle are not excluded from this bonanza. Master sewing a straight seam and you can jump right into creating a wardrobe. A number of pattern companies have you in mind with their one piece and super-simple patterns.

Some pointers to watch for when selecting patterns and fabrics are: Select your pattern type with great care based on your body measurements. Don't be put off by classifications such as 'half-size'. This may be just your size.

Fabrics should be chosen from the selection recommended on the pattern back. Do not expect to get good results if the pattern recommended gabardine and you choose a jersey knit. And, please read the pattern instruction sheet before you even start cutting the fabric. It can save a lot of time in the long run.

It makes sense, in most cases, to select a washable, easy-care fabric, particularly for day and casual wear. To get the best idea of a fabric's total impact, don't just look at a corner of it. Take the bolt, drape it over several other and stand back. Then go and stand in front of a full-length mirror with the fabric draped around you.

Crunch a corner of the cloth in your hand for a moment. How badly has it wrinkled? With pale pastels, check whether the fabric will be transparent and require lining. And, most importantly, look for the fabric content and washing instructions which should be on the board inside the bolt or on an attached card.

If you would like to see the Borateme Collection by Simplicity-Style, watch for Canadian Designer Showcases visit. Tickets will be sold through fund raising groups.

The show also has a mini-collection by every major Canadian designer and will run once or twice in each of its 19-city stops. The massive job of transporting models and clothes on this tight, seven-week schedule has been undertaken by Air Canada, who have also contributed greatly to the success of Canadian Designer Showcases in many other ways. The fashion show itself is sponsored by the bleach substitute, Borateme-Plus.

St. Albert bantams post first victory

St. Albert's bantam lacrosse team came up with their first victory of the season Monday night - a convincing 11-1 trouncing over North Glenora Blues. As the score indicated, the game belonged to the St. Albert squad from start to finish. St. Albert closed out the first period with a 5-0 lead, stretched the lead to 8-0 by the end of the second and outscored the visitors 3-1 in the final period. Once again Brian Shaw led the scoring

parade, this time picking up five goals and three assists. Ashley Guskoski added a hat trick while Peter Haas, Garrett Doll and Glen Jones added singles.

The St. Albert boys are continuing to improve each time out. However, they will have to come up with their strongest performance Wednesday night if they hope to beat the defending champions from West Edmonton. Game time is 8:15 p.m.

Saints take two in League play

St. Albert Saints recorded their third and fourth wins of the season last week with a 12-3 thumping last Tuesday over the Red Sox in Fort Saskatchewan and then followed up with a 8-2 victory over Camrose Cubs in St. Albert Wednesday evening.

Saints were scheduled to play the Cubs again in St. Albert on Thursday night but the game was cancelled and will be re-scheduled at a later date.

St. Albert has now won four of their five starts in Sunburst League action. Their only loss was a 5-2 decision to Camrose in the second game of the season.

Fort Saskatchewan will be in town tonight for a game scheduled for Mission diamond at 7 p.m. On Thursday St. Albert will play the Edmonton Dusters at North-east Edmonton diamond on 66 St. and the Fort Trail.

St. Albert's next home game will be Wednesday, June 16th when the Edmonton Cardinals will visit for the first time this season.

Tuesday's game in 1' Fort saw St. Albert se

Mothers take over coaching novice lacrosse team

Mrs. Marlene Cowan and Mrs. Linda Waters have decided to keep the Novice lacrosse team alive by taking over the coaching responsibilities for the remainder of the season. This move became necessary when the team's original coach, who was doing the job entirely on his own, was unable to continue due to the time involved. Both mothers have children involved in lacrosse at various age levels, and were concerned that if a coach was not soon found the team would have to be dropped.

Neither of these two ambitious ladies had any previous experience in lacrosse, except as observers. Mr. Miller, president of the Minor Lacrosse Association, has given them a great deal of help, has come out to all their practices and taught both the kids and the new coaches the basics of the game. Mr. Cowan has also contributed his time whenever possible.

"They're really getting better," remarked Mrs. Waters, whose daughter plays for the peewees. The players have been out every night this past week, and have really put all their energy into learning the game.

"I don't think the parents realize just how hard these kids work," said Mrs. Wat-

ers. "When they finish a practise they are exhausted."

There are only 11 players on the Novice team, which is really not enough, since six players must be on the floor at a time. This only allows for one complete change, and if any of the youngsters have to miss a game for whatever reason (holidays being the most common at this time of year), the remaining players

can't keep up a strong attack for the entire game.

Linda and Marlene have learned a lot about lacrosse in the past week and their enthusiasm is catching. The children playing on their team are learning good sportsmanship as well as the basics of a fast, exciting game. There seems to be only one disappointment left to remedy - parents either don't have the time, or don't

make the time to get out and watch their children play. This problem occurs with all the teams. Only a very few parents show up, even for the games, and the players really need some encouragement. Shouts and cheers from the stands really pick up a team when the going gets tough and these young ones would really appreciate your presence in the stands.

Junior tennis

The St. Albert team continued its winning ways in the Edmonton and District Junior Interclub league as it won over Hillside 7-1 during play at the Mayfield Tennis Centre. Playing for St. Albert were Wendy Stanley, Barb Hoffman, Terry Smith, Karen Dunik, Kevin Jackson, Dave Boyd, Luc Lefebvre and Chris Odinga.

The annual High School competition between St. Albert and Paul Kane was held last Wednesday and Paul Kane successfully retained the St. Albert Tennis Club trophy. The Paul Kane girls team of Valerie Green, Karen Dunik, Janet Neeser and Heather York defeated the St. Albert High girls 11-3

in matches while the Paul Kane boys, Bill Osborne, Dave Reed, Brian Dunik and Don Wells won 10-6 over St. Albert. In girls play Valerie, Karen and Janet were un-

defeated with three boys, Bill, Dave and Tony Morris of St. Albert High each winning three matches while losing one.

Comets active in 76-77 season

Claude Contant, president of the St. Albert Comets, announced that the St. Albert Comets Hockey Club will be in operation for the 1976-77 season in St. Albert. The executive requests the help of the citizens of the town to assist in the financial backing as co-sponsors of the

team. For further information contact Claude Contant at 459-8651.

A general meeting will be held tonight, Wednesday, June 9th, at 8 p.m., at 33 Fenwick Crescent, St. Albert. Everyone interested in this hockey club are cordially invited to attend.

The Pedal Pushers were out in force last Wednesday night with close to 100 young bikers learning how to navigate their bicycles through the courses. Robbie Elzen of 10 Gresham Blvd., is concentrating very intently on steering his way through a series of wooden blocks designed to teach the child how to control his vehicle.

Minor League Baseball

T-BALL DIVISION

	W	L	T	Pts
Steers	12	0	0	24
Larks	7	4	1	15
Fawns	7	5	0	14
Gorillas	7	5	0	14
Musk-rats	5	7	0	10
Goats	4	7	1	9
Falcons	3	8	1	7
Giraffs	1	10	1	3

Who said the Grandin Giraffs couldn't "rise" to the occasion?

Believe it or not, the last place Giraffs have suddenly become the hottest T-balling team in the St. Albert league - next to the stompin Steers of Sturgeon, of course.

Not only did Coach Bob Smilanick's "tall guys" tie

up the second place Larks 26-26 on Wednesday but the basement gang showed it was no mistake by flecting the Falcons 31-26 last Monday.

Meanwhile, the Steers completely outran the rest of the herd handing the Gorillas a 27-9 banana and then milked the Goats 36-11.

The rest of the league traded wins and losses. The Falcons outguffed the Musk-rats 39-22 Wednesday but the Musk-rats gnawed the Larks 29-14 on Monday. The Goats barely butted the Fawns 24-22. The Fawns in a Monday skirmish "outfenced" the gorgeous Gorillas 17-14.

MOSQUITO DIVISION

	W	L	T	Pts
Lacombe Roosters	9	2	2	18
Oilers	9	2	2	18
Orioles	8	4	1	17
Appollos	5	6	2	12
Canucks	5	6	2	12
Eskimos	5	7	1	11
Mustangs	4	9	0	6
Red Sox	2	11	0	4

The Roosters and the Oilers are "ruling the roost" again this week as regular play in the Mosquito Division comes to a screeching halt tonight.

Coach Vic Hogan's Oilers struck pay dirt twice in seven days defeating the Orioles 29-14 in a Wednesday game and gaining an 8-5 too-close-for-comfort win from the Appollos as Kent Tochinnuk struck out seven and homered himself in a four-inning stint. "Wonderful" Wes Litke got two round trippers for the Appollos.

The Lacombe Park Red Roosters outrowed the Red Sox 22-15 Wednesday and cooled the Eskimos, 23-12 Monday.

Tonight Coach Pat Lockhart's Eks and the Red Hose play at Lions Park. The Orioles behind the coaching of Don Magdolinski gained back a few feathers on Monday, nesting the Canucks 18-6 for an easy win after the Canucks had battled the Appollos to a 7-7 stand-off.

Their fresh Emerald green uniforms must have brought good luck to Coach Barry Bwigess' Mustang baseballers when they gartered the Red Sox 13-11 in a Monday meeting. However the "Green Gang" were harshly harpooned by the Eks 17-8 on Wednesday.

BEAVER DIVISION

	W	L	T	Pts
Pirates	12	0	0	24
Braves	6	2	1	13
Blasters	6	3	0	12
Mets	4	4	0	8
Angels	4	6	0	8
Giants	3	7	0	6
Flyers	3	7	0	6
Doggers	0	0	1	1

Outdoor education classes and school dances brought the Beaver Division to a near standstill with the exception of Coach Dave Reinger's undefeated Pirates.

The marauding Pirates heavy sickening crew showed little mercy on the Blasters who bombed out 27-4 last Tuesday. They also wiped out the Giants 21-10 as

Gordon Filipechuk spun a three hitter, struck out 15 Giant batsmen and banged out a duo of homeruns.

These were the only games reported.

With playoffs getting underway in the Beaver Division next Tuesday, it's obvious that some teams will not be able to complete their full schedule of regular season games.

BANTAM DIVISION

	W	L	T	Pts
Braves	6	4	1	13
Cardinals	5	3	2	12
Bermont Broncos	4	4	2	10
Cubs	3	7	1	7

That's what Coach Ted Harold's Braves get for showing up for an app-

ointment in the Bantam Division. The Cubs, didn't and that cost them a 7-0 defaulted game.

Now, the Braves are number one. The Cards, master-minded by Arnold Bailey came up with four runs in the last of the seventh to earn an 8-8 deadlock with the high-flying Cubs on the St. Albert High diamond.

While this was going on, the Bermont Broncos looked

sharp in spilling the Braves 9-2.

The final inning of this game was televised on Cable 5 St. Albert Thursday night.

Division Chairman Bob Praetier indicated this week that next week's playoff action will feature a double knockout tournament beginning with team #1 versus team #3 and team #2 against team #4.

Summer gymnastics well received

The St. Albert Gymnastics Club will be holding three

summer sessions for the first time this year. The first starts July 5 and the last starts August 9. Club member Carol Otto said that if the registrations are any indication, a summer program in gymnastics has definitely been needed. All three of the sessions are full or almost full.

At present the club still needs instructors or assistants. High school students interested in assisting should contact Carol Otto at 459-4926.

About one-quarter of the enrollment has been boys; the age range of students extends from the very young at six years to the more advanced 13 year olds.

The Gymnastics Club will be performing on June 13, at the Special Events Day and at the intermissions on the afternoon Rodeo shows on June 18 and 19.

ST. ALBERT PARKS AND RECREATION

TENNIS LESSONS

JUNE 21 - JULY 2

The following classes will be offered at (M) Mission Courts and (S) Sunset Courts. Each class consists of four 1 1/2 hour sessions over two weeks. In the event of rain, classes will be rescheduled to the following week. Classes are postponed only in case of rain or wet courts (not cold or wind). If you are registered proceed to the class. No further contact will be made.

COST OF LESSONS - Students \$5.00, Adults \$8.00

Students [11-14] 4-5:30 p.m. Mon. & Wed. (M)
Students [15-18] 4-5:30 p.m. Tues. & Thurs. (M)

Adult Day Classes 9-10:30 a.m. Wed. & Fri. (M)
Adult Day Classes 1-2:30 p.m. Tues. & Thurs. (M)

Adult Evening Classes 6:30-8 p.m. Mon. & Wed. (S)
Adult Evening Classes 6:30-8 p.m. Tues. & Thurs. (S)

Register in person at the Town Hall Parks and Recreation Office.

If classes are full, names will be taken for the next session to be held JULY 12 - JULY 23. Those on waiting list will be contacted prior to classes.

Fishing Tips

BY
LARRY MITCHELL

Early Sunday morning while at the Kolesar-Ross wedding reception in Calahoo, my fishing partner, Nick Muzichuk, owner of St. Albert Laundromat and I decided it was time to take the wives home and take off on a fishing trip. In no time we were ready to go and left St. Albert at 3:00 a.m., headed for Christmas Creek which is about 20 miles northeast of Whitecourt.

About 10 miles west of Mayerthorpe we turned left off #43 onto the Blue Ridge road. The small village of Blue Ridge is about four miles west and another three miles past the village brings you to the south shore of the Athabasca River which can only be crossed by a ferry, one of the few remaining in Alberta. This ferry will be

gone in a short while as the concrete piers have already been poured for a new bridge.

We arrived at the ferry at 5 a.m., and within minutes we were greeted by the ferry operator who took us across the Athabasca in less than five minutes. He was most co-operative and told us where Christmas Creek was as well as a lake called Goose Lake.

Six miles northwest of the Athabasca you cross Christmas Creek which is about 50 feet wide and has a number of beaver dams. We walked upstream for about three miles, fishing all the likely looking spots but failed to catch any trout or grayling, although Nick did have a small grayling on but lost it.

We tried maggots, worms, assorted flies and small spinners but either the creek was fished out, too muddy because of rain or else we just were bad fishermen (probably the latter). We decided to leave for another unknown spot called Goose Lake.

The lake is about 10 miles east of Christmas Creek and is located one-quarter mile north of the hamlet of Lone Pine. The operator of the hamlet's post office, gas station and a well stocked store was quick to welcome us and ready to advise us of the excellent fishing for perch and jackfish. He even offered us the use of a friend's boat but both Nick and I decided to have a look at the lake before borrowing the boat. The lake is about two miles long and half a mile wide and well treed. A boat with a family of four was anchored about 30 feet from shore just in front of the launching site and all occupants were busy catching perch.

A mad dash for Nick's camper was done in record time and within a few minutes Nick and I were standing on the many large logs that were lying in the water. Within an hour we both had our limits of the delicious eating perch. The small fish seemed to bite on just about anything we gave them but the garden worm seemed to be the best with small pieces of bacon ranking second.

After an excellent meal prepared by Nick we were off to Shuman Lake which is only three miles east of Goose Lake to try for some of the rainbow trout that have been stocked there in the past few years. After using every conceivable lure and bait that we had we fished for three solid hours and failed to come up with even a nibble.

Some of the fishermen that were using boats were managing a few of the small trout by trolling a willow leaf or flies.

We left the lake about 4 p.m., and followed the gravel road about 10 miles coming out on highway 18 just north of Fort Assiniboine. From the Fort it is a 95 mile trip into St. Albert on a good, paved road.

St. Albert Recreation Report

From the St. Albert Parks and Recreation Dept.

TENNIS LESSONS

Please check this issue of the Gazette for the advertisement announcing the June 21 - July 2 set of tennis lessons. As indicated, registration is continuous and if the class you desire is full, you can register for a class in July or August.

FAMILY SWIMMING

Effective the end of June, there will be family swimming from 6 p.m. to 7 p.m. on Mondays, Wednesdays and Fridays and from 5 p.m. - 7 p.m. on Saturdays and Sundays.

NURSE NEEDED

The Family Craft and

Recreation Camp requires the services of a fully qualified R.N. from July 19 - 23 at Lake Wabamun Provincial Park. The Camp will provide free camping and travel allowance for the nurse and her family as well as free entrance to any courses. If you're on holidays and wish to take in the camp here's an ideal opportunity. For further information please contact Rein Selles at 459-6601 Ext. 44.

PROVINCIAL RECREATION LEADERSHIP SCHOOL

The Department of Parks and Recreation is pleased to announce that Ruby Bly and Laurie Brochu of St. Albert High will be representing the Town of St. Albert at the Drumheller Leadership School. On their return both Laurie and Ruby will be

involved in assisting the Department in providing programs for the community.

SUMMER PROGRAMS

The green summer program calendar will be arriving at homes in St. Albert beginning June 10. The Post Office has informed the town

that total delivery time will be about four days. If you do not receive your calendar by Tuesday, June 15 please feel free to drop in at the Parks and Recreation office and pick one up. **PLEASE NOTE:** The deadline for registration in the Day Camp '76 program and the Sports Camps is June 18.

ST. ALBERT PIONEERS

The St. Albert Pioneers will be heading out to Lake Wabamun June 12 and 13. For information on this weeks excursion phone Ray Ethier at 459-6105.

FAMILY CRAFT CAMP

Any organization or community group who wishes to see a slide and sound presentation on the Family Craft and Recreation Camp should phone the Parks and Recreation Department and arrange a suitable time.

Tennis tournament very successful

The St. Albert Tennis Club hosted its eighth annual invitational tennis tournament this past weekend. The tournament attracted 70 entries from a variety of clubs: Garneau, Glenora, Derrick, Hillside, Mayfield and Red Deer. The winners in all primary events were A players.

Players were allowed to enter only two events and there were no double winners in the tournament - the prizes were well shared. The mens singles event was limited to 32 players and the player who came out on top in this event was Tom Hamill who defeated clubmate Tony Richard of Glenora 6-4, 6-2 in the final. The ladies singles

finalists were also from the Glenora - and Pauline Gardner defeated Sue Gilbertson 6-3, 6-2. The mens doubles final saw Peter Teasdale of Garneau and Dave Cox of Glenora upset the top seeds Tom Hamill and Tony Richard 6-1, 6-3. In the mixed doubles final Max Jean-Louis of Garneau and Sue Gilbertson defeated Cynthia

Sage and Roman Mureika of St. Albert 2-6, 6-0, 6-3. Secondary winners (for those who lost their first round match) were as follows: ladies singles - Sue Balfour (Garneau), mens singles - Walter Stelmashuk - Glenora, mens doubles - Dave Kirk, Clark Warren, St. Albert, mixed doubles - Rose Marie Wykes and Ray Smith

of Garneau. A barbecue for adult club members will be held Saturday, June 12 at one of the members homes. Interested members should phone Barb Chan by Wednesday, June 9. All the interclub leagues are in full swing now and doing well. The juniors play at Mayfield once a week in their interclub league and have done well in their first two matches defeating Garneau 6-2 and Hillside 7-1. Members of the junior team thus far have been: Under 18 - Rick Sadowy, Luc Lefevre, Chris Odinga, Bill Osborne, Karen Dunik, Terry Smith.

Under 14 - Kevin Jackson, Dave Boyd, Kevin Sage, Wendy Stanley, Dorothy Kirk, Barb Hoffman. The A team has thus far won two matches and tied one - the A team members are: Dave Kirk, Roman Mureika, Clark Warren, Dale Jackson, Betty Ontkean, Cynthia Sage and Judy Wood. The B1 team - has won and lost once each - team members are - Peter and Angela Miller, Doreen Golden, Firoz Dalal, Lorne Wood. The B2 team has used Wayne Boyd, Frank Carnahan, Ken La, Gerry Bloemhof and Anne Kirk, Kate Gable.

Junior Olympics program continues after '76 games

While many sports programs associated with the 1976 Olympics will be coming to an end at the close of this Olympic year, one olympic activity is scheduled to continue to at least the end of 1977.

This is the Canadian Olympic Association's Junior Olympics Program which is run across Canada and sponsored by The Royal Bank of Canada. Junior Olympics, which was started in 1973, is an incentive program designed to provide Olympic-oriented sports events for youngsters throughout Canada between the ages of nine and 19.

Crests, certificates of participation and winning ribbons are awarded to competitors at the local level. In the case of provincial and national championships, medals are presented to the various winners.

Interest in the program escalated in 1975 with more than 180,000 youngsters participating throughout that year. However, in 1976 more than 250,000 youngsters have already registered for activity this year.

The increase in the popularity of the Junior Olympics has resulted in expanded interest in not only com-

munity and school programs, but in addition, many summer camps are now involved.

"At this rate," says Ken Murray, COA Director of Programs and the Junior Olympics Chief Co-ordinator, "I visualize a possibility of reaching 300,000 participants by the end of this year."

Our biggest time of activity is yet to come and this year we see an even greater involvement by various summer camps throughout the country.

"The program which was started three years ago, boomed in 1975 but because this is Olympic year, we are obviously looking forward to an even greater amount of activity. For example, in the Province of New Brunswick, all athletic programs within the province will be for Junior Olympics," concluded Murray.

Information on how to start a Junior Olympics event is available at any branch of the Royal Bank, at COA's Junior Olympics' office in Ottawa or any provincial or territorial office responsible for recreation and sport.

For more information contact: Mr. Ken Murray, Director of Programs, Junior Olympics, 333 River Road, Ottawa.

Dr. Norm McDonald went all out last Saturday at the Lion's Bike-a-thon. Not only did he finish the 35 km. course but so did his son, Alan, on the cross-bar, and his daughter Kimberly, on his shoulder.

Battle lines drawn in Vimy - Westlock school dispute

By Jim McIntyre
"Give us the teachers and the special education and we'll do something with this school," was the cry of principal of the Vimy School Roger Mahe Tuesday afternoon after the dispute between the school and Westlock School Division #37 remained unsolved after a near four month impasse.

This week saw the crisis reach a boiling point as parents pulled out their children (120 from the Vimy School where decreasing enrollments and too few teachers have been the perennial problems.

The children will be out of their Grades 1-9 school at least till next Monday because the Westlock School Division has not made itself available to try and find a mutual solution. All the staff at the Vimy school have resigned, six and a half,

including the principal Mr. Mahe.

A concerned parent on a special committee to help get quality education into Vimy, Rachel Ringette, said she was very concerned about what would happen to the kids if they cannot return to the school in September.

"What will happen to our kids in September, where do they go for next year... it's a bloody shame we have to head the kids out to get through to these people (Westlock School Division)." Mr. Mahe says he has no idea as to the causes of the intransigence from the Westlock board. "I'll be damned... I have no idea." But Mr. Mahe says if the situation is righted and the school is given seven teachers including one for special education, then he will reconsider his position.

Thirty-five percent of the kids at the Vimy school are known to have problems which demand extra attention; these are in the areas of reading, Mrs. Ringette says some of the kids are two years behind with their grades and also have visual problems.

Last Monday night the problem between the Vimy school and the board could have been aired, but only two members of the six member Westlock board turned up to the meeting in the Vimy school.

The Westlock board decided at an earlier meeting not to waive the notice on their own regular schedule and so only Board Chairman Mr. R. W. McLaughlin and trustee Fred Morie turned up at the gathering in the Vimy school Monday night.

When the Westlock School Division was contacted Tuesday morning a spokesman said "There are no comments from this office today," and said that the board chairman was in Edmonton on business.

At the meeting in the Vimy school Monday night about 75 persons turned up, mostly area parents. Also there were Mr. Mahe and two teachers as well as a special delegation from Linaia who were backing up Vimy's Please Turn to Page 27

Russ Shandro, of Vegreville, a second year summer employee of Canadian National Railways, is giving the crossing signal structure a fresh coat of paint. Russ said that he enjoyed his job with CN and hoped to be back with them next year.

Spotlight on Sturgeon

Could Morinville become a giant

There was never any doubt that Morinville, population 2,100 wanted to grow two or three times its present size to provide a base for people who wanted to get back to small town living away from "the Land of the Skyscrapers," [Edmonton], to the south.

In fact the Edmonton Regional Planning Commission has just given Morinville a push in that direction by approving an outline plan that would see the town pick up another 160 families in the near future.

At the moment, it's hard to imagine a Morinville the size of St. Albert [about 22,000] unless this is a long way down the road. And if Edmonton has grown at the same rate, though this is not likely according to a recent statistics, there will be more need for communities like Morinville to take up the slack.

Mayor Art Stapleton of Morinville is said to be happy about the approval in principle for the new development of his town. It was proposed by Nash Developments Ltd., and will take up 43 acres of Morinville to the east.

Morinville is also seeking approval for a 250 unit subdivision part of which could be built this year, and is also seeking to annex another 600 acres for residential purposes.

So Morinville looks to steady growth, with town officials in favour of growth to St. Albert size by the turn of the century as long as this is gradual.

One of the biggest stumbling blocks to Morinville's growth was not solving the noise problem of Highway 2 as more families moved in nearer the road, but the provision of adequate water and sewage facilities.

To cut what has been a long story short, these teething problems have been solved, with the noise problem still existent.

Morinville's growth though is still very much in the hands of the ERPC which accepts the feasibility of expansion up to the 22,000 mark. There is a very important proviso to this. The people of Morinville might just want to remain a little on the side of what they were a decade ago, a tiny village of about 500, and any real growth will have to be approved by them, as well as other political bodies.

Increased land assessment drops Morinville mill rate

An increased land assessment in Morinville this year has caused a big drop in the mill rate, town Secretary-treasurer Paul Brochu said last week.

This year's land assessment is \$6,955,315 way up on the assessment figure for last year of \$2,750,200. The land has not been assessed for

eight years and the new figure reflects the rise in the

price of land.

"The fact, the mill rate is

down (has) lowered taxes on Please Turn to Page 27

Alexander Indians exhibit at Habitat

One of Alberta's major contributions at the Habitat Conference in Vancouver

May 31 to June 11, is an exhibition by the Alexander Indian Band of the Morinville area.

In keeping with the Habitat theme of "Human Settlement" focusing on the third world nations, the Band's presentation is of their planned Kipohitakaw Recreation Community, a project

of the band owned Kipohitakaw Recreation and Developments Ltd.

Band Administrator, Martin Arcand, and Economic Development Co-ordinator Richard Arcand will participate in the exhibition for the first week of the conference, and Chief Fred Please Turn to Page 27

Sturgeon industrial estate looks good

Planning in Action - that's the theme of Sturgeon Industrial Estate, a 2,560 acre industrial subdivision located just 10 minutes northeast of Edmonton adjacent to Fort Saskatchewan.

Mr. Colin Bennell, executive vice president of George Wimpey Canada Limited, along with Mr. Mel Fages, president of W.W.W. Developments Ltd., announced the undertaking of a Joint Venture to develop a unique industrial park in Alberta.

Mr. Bennell outlined that after a years negotiations he was pleased to see how their company, through their Western Canadian subsidiary, Wimpey Western Li-

imited and a group of Western Canadian businessmen from Calgary, Edmonton and Manitoba have come together to offer the unique ability of sites from one acre to 40, 60, 80, 100, 200 acres for those industries who need servicing as well as a good environment to do business in.

At the same time, Mr. Bennell announced the following appointments:

Project Managers - Hilldale Developments Ltd., Edmonton; Marketing - Weber Bros. Realty Ltd., Edmonton, Ritchie Bros. & Co. Ltd., Edmonton.

Weber Bros Realty have been involved since the inception Please Turn to Page 27

RICHARD ARCAND, development co-ordinator [left] and MARTIN ARCAND, Band administrator, for the Alexander Band of Morinville display the model of their unique band land development project which is on exhibit at Habitat in Vancouver.

Some facts about goats

In North America the dairy goat has been accused of everything from devouring old rubber boots to being in collusion with the Devil, and has, in essence, served the misbegotten role of scape-

goat among farm animals. The consequence of this misguided attitude has been that the enormous potential of dairy goats and goat products has, for the most part, been ignored in North

America. Recently, however, efforts to restore the goat to her rightful place on the farm.

Here are some interesting facts about goats submitted by Mrs. P. Mausolf, editor of

the Alberta Goat Breeders Association's publication.

•Roughly 60 percent of the milk consumed in the world is goat milk.

•Properly handled, goat milk is indistinguishable in taste from cow milk.

•Goat milk is nutritionally similar to cow milk but has a much higher percentage of low chain protein, hence, is much more digestible than cow milk and does not curdle in the stomach.

•Many people, especially infants, who cannot digest cow milk thrive on goat milk. It has proved to be effective in the treatment of various allergic and digestive disorders like colic disease in children.

•It has been estimated that the medicinal use of goat milk would involve a market of more than six percent of the population.

•Milk is mainly pasteurized because of the fear of TB, but there has never been a recorded case of TB from goat milk.

•A goat can produce up to eight quarts per day, but the average is two to four quarts per day over a 10-month period.

•Goat milk brings a higher price than cow milk. In a 1967 study it was shown that more than \$1.5 million worth of fluid goat milk is sold annually in the city of Los Angeles.

•In addition to milk, goat products include butter, cream, cheese, yogurt, meat, leather, wool, and fertilizer. •Goat meat is a delicacy. It is a deliciously flavored, lean, high protein meat

unlike either veal or lamb but without a trace of 'goaty' flavour unless the meat is from a mature, uncastrated buck. Goat meat is in such demand from both ethnic and gourmet markets in the United States that meat goats bring prices of \$.92 to \$1.75 per pound liveweight.

•More than 60 million goat skins are used annually in the manufacture of kid leather for shoes. An additional 60 million skins are turned into Moroccan leather for luggage, book-binding, etc.

•Cashmere wool comes from a species of goat in Kashmir, India.

•Goats can utilize pasture that it too rough, too steep, or too dry for cows.

•Goats are remarkably resistant to disease, and, if properly housed and fed, are virtually disease free.

•Goats are friendly, intelligent, and remarkably responsive to human affection. An important consideration is that they are easily managed and milked by women.

•Contrary to popular belief, goats do not like tin cans, old rubber boots or laundry. (They do, however, like the occasional newspaper, they love rose bushes, and are very fond of vegetables fresh from the garden and young trees.)

Dispute

Cont'd From Page 26
school teachers and parents in their fight with the Westlock board.

Mrs. Ringette says a delegation from Vimy will be going to Westlock next Monday night as they have requested speaking time with the board.

Mr. Mahe says "parents have been laughed at and treated like children (by Westlock)... I sympathize

with the parents even though the children have been pulled from the school."

"We've been trying to work with the Board for three months and gotten nowhere," said Mrs. Ringette, "and we've gone through the proper channels."

She says there are two solutions to the dispute. One is to give Vimy the teachers

and the enrollment, the other is to take off one of the express buses to Westlock. The situation at present means that the enrollment at Vimy can dip as low as 96, when there is a potential enrollment of 160 students.

Two teachers at Vimy have already accepted contracts with other jurisdictions and the "rest of us are not too worried right now," Mr.

Mahe says.

Mr. Mahe complains of too much pretty talk from the Westlock Board and says he will contact St. Albert MLA Ernie Jamison when he returns from England at the end of this week.

Till then the battle lines remain drawn and 120 school kids at Vimy know their future at school remains very uncertain.

Habitat

Cont'd From Page 26
Arcand and Frank Lindsay, manager of the company will be on hand to answer

questions for the second week.

Kiphohtakaw, Cree for

'open land with wooded barrier' describes the 800-acre camping and cottage

development on the shores of Sandy Lake, approximately 35 miles northwest of Edmonton.

The project, the first of its type for the Band, will feature two beaches, an 18-hole golf course, tennis courts and a marina, and will operate on a leasing concept for both camping sites and building lots, ensuring privacy to tenants and enabling the band to use their land profitably.

Approximately 700 fully-serviced half-acre lots will be allocated for housing and there will be camping facilities for 165 trailers. The terms of the leases will range from five years for a campsite, to 40 years for a cottage.

Once complete, the ultimate population of the development is expected to exceed 2,500. According to Martin Arcand, over 26 band members will be employed in capacities normally associated with small town administration and maintenance.

The development, designed by E.P.E.C. Consulting Western Ltd., of Edmonton, and funded through the Economic Development Fund of the Department of Indian Affairs is currently under construction. The first lots are expected to be ready by spring of 1977.

Assessment

Cont'd From Page 26
newer homes and increased the taxes on older homes, but this will be rectified when we get a general assessment," said Mr. Brochu.

This year's mill rate in

Morinville has been set at \$6.48 compared with last year's of \$5.00.

The town's total budget is up this year to \$493,057 compared with last year's

figure of \$411,822. Mr. Brochu puts this slight increase down to the inflationary factor affecting costs and services.

A breakdown of the mill rate is as follows:
School Foundation 26.65,
Thibault School requisition, 9.99, Alberta Planning Fund .23, Sturgeon Foundation .16, MD General, 9.20, and debentures 10.25.

And the total budget for the year looks like this: \$85,235 have been set aside for general government expenses, protective services like fire, police, ambulance and emergency services take \$54,285, and transportation \$57,449.

Environmental Health Services (sewage and garbage collection) take \$27,500 of the budget and recreation services \$49,960. Debt charges to pay debentures were \$213,530.26.

A \$5,000 provision for a surplus was also incorporated into the budget.

Industrial estate

Cont'd from Page 26
ception, plus they are a participant in the expanding Alberta market.

Managing Director of Hilldale Developments Ltd., Glen Lavold, who has been active in the industrial market in Alberta for some 10 years, stated "we can virtually look at every kind of industry, every type of land arrangement, sale, build to suit tenant, and lease arrangements.

The sites can offer varying degrees of servicing as may be required to make it economically sound for an industry to locate in Sturgeon

Industrial Estate to participate in the expanding Alberta market.

Mr. Bennell also expressed his pleasure that a Western Canadian based financial institution, Great West Life of Winnipeg saw fit to provide the mortgage financing for this project.

Mr. Bennell stated "the objective of Sturgeon Industrial Estate is to provide industry with the choice of sites, in a landscaped, aesthetic controlled area that will meet their needs at prices that industry can afford and are willing to pay."

Canadian wheat for Algeria

The Canadian Wheat Board announced recently that agreements involving the shipment of 875,000 to 1,000,000 metric tons (approximately 32.1 to 36.7 million bushels) of Canadian wheat over three-year period have been negotiated with Algeria.

Separate contracts, cover-

ing sales for specific periods will be negotiated between the Wheat Board and Office Algerian Inter-professional des Cereales (O.A.I.C.) at a later date. These contracts, negotiated under the agreements, will specify the price, grades and quantities to be shipped in each period.

MORINVILLE

Morinville Memos

By Marg Bentz
A "No Smoking Clinic" will be sponsored by the Sturgeon Health Unit in conjunction with Alberta T.B. and Respiratory Diseases Association on June 14, 15, 16 and 17, with a follow-up meeting June 21 at 7:30 p.m., at the Sturgeon Regional Recreation. For more information and registration phone the Sturgeon Health Unit at 459-6671.

The Canadian Cancer Society extends thanks to the United Church Ladies Aid, the Femmes Chrétiennes and all the canvassers who helped during the recent cancer campaign. \$843.50 was collected for this very worthy cause.

A film on alcohol and its abuse will be shown on Monday, June 14 at 8 p.m. at the International Building. A guest speaker will also be present. Everyone is welcome!

The Morinville and District Ambulance group will be calling on the residents of the Town of Morinville and a six mile area around Morinville during the month of June. The object of the visit will be

to allow you to assist financially with the purchase of the ambulance. Total cost is \$14,000.00.

M.F.C. held their annual catechism contest for 1976 last week for grades one to 10. The students made booklets as class projects and the MFC judged their work and gave prizes. Winners were as follows: grade one English - Brad Boddez; grade one French - Connie Weisgerber; two English - Kevin Halverson, two French - Suzanne Touchette; three English - Lori Bokenfohr, three French - Sylvia Shayes, three Opp - Christine Houle, four English - Tammy Bentz, four French - Lynn McKee; five English - Melinda Gaetz, five French - Viviane Houle; six French - Shirley Himschoot; seven English - Monique Nobert; eight English - Lorne Kuchman; nine English - Lois Chalifoux and 10 English - Lynn Chalifoux. Congratulations!

If you need a student for any kind of job including babysitting and lawn cutting come in and see Yvonne Kieser in the "Hire a Student" office, located at the Sturgeon Regional Re-

creation office or phone 939-4317.

Morinville Early Childhood Association annual meeting will be held on Monday, June 14 at 9 p.m., at the rectory. All members of CWL and MFC are welcome.

Frontier Daze committee urgently requires lady washroom attendants. For further information call Jean Robinson at 939-4153 or Allan Bentz at 939-4145.

The next meeting of the United Church Ladies Aid will be held on Tuesday, June 15, commencing at 8 p.m., at the home of Mrs. Betty Lambert. All ladies are welcome. For further information, please call Jean Robinson at 939-4153.

Yearbook committee will be sponsoring a film on Sunday, June 13. The film is a Walt Disney production named "Three on a Mountain." Doors will open at 6:30 p.m. and show will start at 7

p.m. Admission fee for advance tickets -p adults \$2., students (grade 7-12) \$1.50; children up to grade six - \$1. Family rate is \$7.00. An added 50 cents will be charged at the door. (\$1.00 more on family plan). For tickets phone any member of the yearbook committee. For more information call Denise Riopel at 939-4046.

Town council was moved to Thursday, June 10 (instead of June 8) at 8 p.m. at the town office.

Frontier Daze saddle is on display at W.W. Farm Equipment Ltd., this week, while the Ag. Society's car is parked in front of the new Red Rooster Convenient Corner.

Reader's co-operation in telephoning or bringing in news items is much appreciated and is early in the week as possible. Please phone 939-4145 or stop in at 9901 - 99 Avenue (directly behind the Red Rooster).

Frontier Daze coming up soon

By Marg Bentz
Frontier Daze is only 17 days away! Your entries for various events should be entered soon. Parade entries should be made to Roger Champagne at 939-4081, by Thursday, June 24. Trophies will be given to the best float.

Arts and Crafts display will be held in Regional Recreation Centre from 12 noon to 5 p.m., on Saturday, June 26 and Sunday, June 27. These will be displayed according to community (no judging) and items should be brought to Regional Recreation on Friday, June 26. Home-baking competition will be held in conjunction with the arts and crafts display. Judging will be done by Mrs. Grace Melnyk of Edmonton. For more information call Rhonda Stapleton at 939-4827.

Horse-shoe competition will be held during Frontier Daze again this year. Doubles will be played on Saturday at 2 p.m., and singles will be played on Sunday at the same time, with trophies for the winners. Mel Fisher may be contacted at 459-3121 for more information.

Tug-o-war is being organized by the Goodtimers Hockey Club. Six hockey teams are competing and thus far teams from Morinville, Highway's Dept. (Edmonton) and two teams from Legal are entered. There will be a trophy for the winning team. For more information call Dan Wahlfeldt at 939-4425.

An open gymkhana is being hosted by the Legal Poncho Club on both days of the fair. Trophies will be

awarded for the four events in four categories (mens, ladies, intermediate and juniors). Top prize to "High Total point rider" will be a beautiful black saddle which was provided through the co-operation of Morinville Frontier Daze Association and Ernie Bouchard of Western Corral, Wainwright. For more information contact Marlene Shank, Box 13, Legal or phone 961-3803.

Canoe races will be held at 11 a.m., on Sunday, June 27, on Heritage Lake. Entry fee is \$1.00 for the mens, ladies and teen categories. Trophies presented by the Royal Bank. Call Paul Ellis at 939-4437 for registration or more information.

Demonstration Derby will on fair grounds at noon on Sunday, June 27. Entrants must provide their own car, seat belt and helmet. A

deposit is required but will be returned after the derby. \$100.00 plus a trophy will be presented to the winner as well as a trophy for best sportsman. For more information call Paul Krauskopf at 939-4061 or 939-4159.

Anyone interested in performing in the Frontier Daze Sunday afternoon program should call Lois Mulligan at 939-4048.

MIDWAY AT THE 1975 FRONTIER DAZE

Morinville wins track meet

By Marg Bentz
Morinville Sports Committee of Sturgeon Local #27, junior high and elementary track and field meet was held

on June 4, 1976. Schools in competition were Camilla from Riviere Qui Barre, Legal, G. P. Vanier and Notre Dame from Morinville. Points were: Morinville 729, Camilla - 575 and Legal 241. Congratulations are extended to all the students on their fine performance with special congratulations going to Morinville students for winning the track meet.

Boys medal winners were as follows: eight boys - Trevor Hermanutz, Camilla, 20 pts., nine boys - Marty Kaup, Camilla, 15 pts., 10 boys - Dwight Van Brabant,

Vanier, 18 pts., 11 boys - Robert Cyr, Legal, 13 pts., 12 boys - Brian Cornelis, Legal, 18 pts., 13 boys - Donald Scantland, Vanier, 16 pts., and 14 boys - Mark Johnson, Vanier, 20 pts.

Girl medal winners were: 8 girls - Loretta Watson, Camilla, 16 pts., 9 girls - Kelly Bokenfohr, Vanier, 16 pts., 10 girls - Jocelyne Blackburn, Vanier, 16 pts., 11 girls - Michelle Bohnig, Camilla, 16 pts., 12 girls - Lisa Hermanutz, Camilla, 20 pts., 13 girls - Colleen Wendy Perrot, Camilla, 15 pts.

Legal Locals

By Connie Maurer
A social evening will be held for Ray Pelletier and Rita Laframboise on Saturday, June 12 at the Community Hall starting at 9 p.m. The band featured is called "Let's Boogie." Everyone is welcome.

TAKE NOTE: The public meeting for the preparation of Fete au Village will be on June 15 at the Centre at 8 p.m. Anyone involved or wishing to be of help this year are urged to attend this important meeting.

On Wednesday evening June 2, a miscellaneous shower was held in honour of Pauline St. Jean, bride-elect of Laurier Fortier, on June 26th. Her bridesmaid, Marie St. Martin, Carmen St. Jean and Therese St. Jean were the organizers. After the

games and the opening of the gifts over 60 women enjoyed a lovely lunch. Then on Friday night, June 4, there was a social evening held for Laurier Fortier by his best men Peter Provencal, Denis Landry and Gilbert Carriere

at the Viny Hall. The party was a real success with the band "Sweet Hush" playing.

The regular monthly meeting for the Legal Recreation Board was held Tuesday, June 1st at the Recreation Centre. The meeting was called to order by the President, Omer Pelletier, and the minutes were read by the Secretary, Joanne Morin.

A discussion and review of the Recreation Center's financial status took place and it was agreed to send a 1975-76 Profit and Loss statement for everyone to examine.

During the meeting Rene Shank and Dave Shelton came in to ask the Board for trophies, ribbons and saddle for the gymkhana to be held for the two days of the Fete au Village. It was granted as last year.

Further discussion took place concerning the operations of different booths during the Fete au Village. Then it was suggested that new dugouts be built for the

baseball field. How and when has yet to be determined.

Advertising for the Fete au Village was mentioned and will be by means of paper, radio, and signs.

Candidates for Miss Fete au Village will be selected very soon and will be announced to the public when possible.

It was determined that there will be tickets made for a raffle of \$1,000 prize. They will be able to be bought from any of the KC members. The draw is scheduled to be held in the Arena, Sunday evening, July 25. The proceeds will be for Legal Citadel Park. Cost per ticket will be \$1.00.

Also for Fete au Village it is required to put in a six foot fence west of the grounds where there are now new residences.

Everyone is urged to attend the next public meeting on June 15. It will be strictly for Fete au Village organization.

Legal Guides & Brownies enjoy supper

The annual Guides and Brownies pot luck supper for mothers and daughters was held on Tuesday, June 1st.

Guest speaker for the evening was Melle, Fete au Village, Lucille de Champlain. Miss de Champlain gave an interesting and informative talk on grooming.

Ten Brownies flew up to Guides, Monique Montpetit, Kathy Derrien, Therese de Champlain, Pauline St. Martin, Monique Maurer, Corcen St. Martin, Gizele Chamberlain, Monique Doucet, Carmen Mercier and Denise Dube.

Souvenirs were presented by the Brownies to Brown Owl, Marilyn St. Jean, Tawny Owl Rhonda Derrien and Helper Darlene Wilson.

Guides showed their appreciation to Guide Captain

Lucille Dube, Helpers Shirley Derrien and Sheila Deslaurier by presenting them with souvenirs. Mrs. Jeanne Maurer came to the end of her term as commissioner and was honored by the Guides and Brownies with

gifts and souvenirs.

The Brownies and Guides would like to thank the mothers for the casseroles, also a special thank you to Mrs. Therberge and Mrs. Champagne.

The Mothers Local held a

meeting after supper. President Irene Maurer and Secretary-treasurer Agnes Montpetit stayed on for one more year. Claudette Ouellette was elected new secretary and Mrs. Doucet is the new commissioner.

Canadian cattle price prospects

Canadian cattle price prospects are brighter than they have been for the past four months.

According to the head of Alberta Agriculture's marketing analysis branch, Jim Dawson, the worst is over, and fed beef prices are edging up towards the mid-\$40 level.

He points out that the fed beef situation in March put

caution into the feeder cattle market, but new optimism in early April has brought good feeder steer prices into the \$38 to \$44 range and good heifers into the \$30 to \$36 range.

Based upon the Canadian Feeder cattle situation and the U.S. cattle on feed survey it seems there will be a fairly heavy volume of feedlot marketings through June

and into July, with a tapering off in non-fed beef. "After that there could be a dip in volume," Mr. Dawson says. On this basis, Calgary A1 and A2 steers should average out to be similar to last year (around \$45 per hundred-weight) in the second quarter. Late summer marketings could average out \$1 or \$2 higher, providing the non-fed beef flow holds at the present level or goes lower.

STURGEON
BILLBOARD

JUNE 11 - 13 - Village of Gibbons Agri-Fair. Fun for all!

SUNDAY, JUNE 13 - Come to a good old fashioned picnic at Riviere Qui Barre at 1 p.m. There will be ball games, bingo, races, horseshoe and a barbecue beef supper starting at 5 p.m. Sponsored by the Riviere Qui Barre Agricultural Society.

Cardiff News

By Florence Vranas
Mr. and Mrs. John Keith and family will be leaving shortly for Fairview where John will be taking up the position of postmaster. Good luck John and Peggy, we'll miss you.

Bill Rockwell is home after a short stay in hospital. Everyone wishes you well Bill and that you'll be back to work shortly.

Arlene Vranas has recently graduated as a Laboratory Technologist from the Royal Alexandra Hospital. Success in your chosen vocation Arlene.

The ladies Cardiff Community Club meeting held May 31 was well attended. An engraved silver tray was presented to Helen Robinson from the community to commemorate the occasion of Helen and Harold's 25th anniversary, while Peggy Keith received wine glasses as a remembrance from the club.

The next meeting will be

held at the home of Helen Robinson on June 28 at which time the draw for the hand-made afghan and cushion will be made. Once more a reminder, any lady in Cardiff or district wishing to attend will be warmly welcomed.

We are happy to welcome our niece Janice Kieser who has come to make her home with us after living in Quebec for 12 years. She is the oldest daughter of Adolph and Cecile Kieser and has just begun work at Youville Nursing Home in St. Albert.

John and Melissa Kieser and two daughters have taken up residence in their mobile home which is located in the farmyard of John's father. Welcome to the district John and Melissa.

Bon Accord News

By Sadie Allen
A pat on the back to the Grade 6 Junior Red Cross who not only were able to send in their full donation to the Junior Red Cross branch but also made a sizeable donation to the Golden Girls senior citizens building project and the Bon Accord Ambulance Society. Our hats are off to you!

The kindergarten meeting was held on June 2nd in the school library. Elected to the executive were: Pres, Doreen Moore; V.P. Marg Munroe; Sec. Marg Schneider; Roster Comm. Edie Rains and Marg

Doughty: Field Trip Coordinator, Linda McNamara and Special Project Coordinator, Linda Johnston. Kindergarten gets underway on September 13. So far 44 children are registered for this fall. Registration forms are available at the school and everyone is urged to acquaint new neighbours with this information if there is a chance they may not have been contacted. For information, contact Doreen Moore, 921-3697.

Temporary executive for playschool is made up of Susan Creusot, 921-3977.

Linda Ross, 921-3785, Ingrid Swenton, 921-3958 and Connie Lewis, 921-3648. Pre-registration may be made with any of the above.

An interesting weekend is coming up on June 25 and 26 when the Goat Show will be held. The draw for the beef will be made on June 26. If you have not got your ticket yet contact any member of the Ag. Society or, in the village, Albert Hewitt or Archie Jenkins. Mr. R.

Hamilton from British Columbia will be judging the show while ROP tests will be conducted by Mr. Wm. Wynham from the Livestock Division of the Dept. of Agriculture. Concessions will be open throughout the weekend. The Art Club will also be holding a display of the year's work over the weekend.

A chance to see the Ladies' softball team in action when they host the team from

Oliver here on Thursday, June 10. The same night will see the 18 and under girls go up against Riviere Qui Barre, and the 14 and under's hosting Gibbons.

The senior baseball team lost their first league game of the season on June 2, losing to Rochester by a close 7-6 score. The boys will host league leaders from Westlock, here on June 16 and play at Vimy on June 23.

Tap and jazz registrations will be held in the Bon Accord Community Centre on Wednesday, June 16 at 7 p.m. Age limit for jazz is 10 and up, for tap 4 and up.

A reminder that the service for Holy Trinity Anglican Church will be held at 7:30 p.m., on June 13 and will be followed by a vestry meeting. The annual congregational picnic will be held at the sports grounds on June 20.

Robertson - Pasnak united

At an afternoon ceremony on May 15th at the Fort Saskatchewan United Church Debra Ardele Robertson, daughter of Mr. and Mrs. Kenneth Robertson, became the bride of Terry Pasnak, son of Mr. and Mrs. Walter Pasnak.

Given in marriage by her father, the bride was radiant in a floor length gown of silk faced satin. The gown featured a high mandarin neckline, a lace trimmed bodice and a flowing satin skirt. Her three-quarter length veil was held in place by a Victorian headpiece. Her bouquet of red roses complemented the whole ensemble.

Karen Syeh, of Lloydminster was maid of honour for her cousin. Bridesmaids were Lynn Rumour and Brenda Abacrombie. Their dresses were of blue printed polyester crepe. They wore blue picture hats and carried bouquets of roses and shasta daisies.

The groom was attended by his brother Ken Pasnak,

as best man, and groomsmen were Kevin Robertson, brother of the bride and Gareth Howell, friend of the groom. They were attired in Navy slacks and powder blue tuxedos. Ushering the guests were Gerald Pasnak and Dale Robertson.

Lovely Donna Syeh, cousin of the bride was flowergirl, along with charming page boy David Chorney, cousin of the groom.

For her daughter's wedding Mrs. Robertson wore a blue printed polyester gown complimented with a red rose corsage.

For her son's wedding Mrs. Pasnak wore a powder blue two-piece polyester ensemble complimented with a red corsage.

Following the ceremony a reception for over 400 guests was held in the Moyer Recreation Centre at Josephsburg.

Out of town guests were from Toronto, British Columbia, Swan Hills, Drayton

Valley, Saskatchewan, Calgary, Holden, Vegreville and Two Hills.

After a honeymoon trip to

California, Debra and Terry will make their home in Edmonton.

...M-C ROTARY SCYTHES
make better hay automatically...
with less labor,
in one trip
through
the field

Haymaking is a lot easier and faster when you own an M-C Rotary Scythe. Regardless of the type of crop you grow, an M-C—in one trip through the field—will lay down a perfectly conditioned swath or windrow... hay that's properly crimped and uniform in moisture content which means that with an M-C Rotary Scythe, you can make hay that won't spoil or mold in stacks or bales. And, should your hay get wet by rain, your M-C will pick it up and fluff it gently and have it ready to harvest in an hour! M-C Rotary Scythes have fewer moving parts—an advantage that means fewer costs, less maintenance and longer life. One thing more—no haymaker can get a downed hay crop better than this one. We've proven that in field tests! Ask your M-C Dealer for full information and a demonstration—or write us and we'll arrange one for you.

Good news for Unifarm insurance

Unifarm President Dobson Lea had some good news this week for members who participate in the organization's auto insurance pool. The excellent driving record of the group as a whole resulted in a surplus of more than \$400,000 after claims and expenses were paid, Mr. Lea said.

When members renew their Co-op Insurance automobile premiums they will receive a 17 percent discount from current rates -- an average of about \$70.

The farm pool (fire) shows a surplus of almost \$100,000 and this saving will also be passed on to participating members in discounts of 10 percent on renewal of one-year policies, and eight percent on the renewal of three-year policies for a one-year term, as the three-year policies are no longer avail-

able. The average saving will be about \$15.00.

When the auto insurance industry began to feel the effects of inflation and was losing heavily, the Unifarm

auto pool, with the same premium rates as non-pool business generally showed a profit with its worst year being a break-even one.

Sturgeon Regional Recreation

SUMMER SWIM PROGRAM

If you missed or were unable to register for the swimming session of your choice, Eastlen Pool has added some additional sessions in July and August. For further information, call the Sturgeon Regional Recreation office.

Maisie Wheatley shares her trip with slides

By Liz McLeod

The May 24th meeting of Calahoo Women's Institute was held in our new member Mrs. F. Wheatley's home with 11 members present.

Due to our secretary, Mrs. J. Dalheim of Spruce Grove being sick and absent, there were no minutes to read but we did repeat the Creed due

to Mrs. R. Schermund being able to lead in this category.

After Mrs. K. Dalheim gave us her treasurer's report, we were reminded to pay for our Conference meal and six members complied here.

Mrs. V. Albrecht was reimbursed for an outstanding

item as a result of our last catering and Mrs. P. McLeod paid for the coffee urn rental.

Of course the project, uppermost in a few of our minds is the History Book and there was some discussion on it.

Hopefully, the material that has been proof-read now, will be on its way back to press by June 7 and then

we can hope to see the finished product around the end of August.

Mary Dalheim told this group of her interview for Cable T.V. with our District Director Mrs. Pauline Kozdrowski and Mrs. Marie Plazter this spring and of Mrs. P. McLeod's radio interview with CICA's John Hanlin about Calahoo WI

and of the hamlet of Calahoo.

Incidentally before this meeting got underway, several ladies got themselves positioned around the Friendship Quilt that has 156 names on it, and were quilting all through the evening.

Discussion was held as to our catering job coming up on June 26 and Mrs. R. Schermund and Mrs. F. Wheatley are the committee to handle this.

It was decided later that we'll draw for the quilt, the day of our Flower and Vegetable show, August 18.

Two members plan to go to the Handicraft Tea held at Darwell this year on June 16th.

This group will be setting out the food for the Calahoo Sports Association \$1,000 draw, supper and dance on June 19th at the Calahoo Arena. Anyone needing a ticket should contact a Sports Club member or Marlene Berube soon.

Mrs. V. Albrecht won the door prize that was brought by Isabella.

When a member is sick and unable to be present this group don't mark them absent.

By the same token we have been large in thought and have always changed the regular date to accommodate members so that regular attendance could be kept, resulting in Calahoo WI claiming a best attendance record.

Now before lunchtime we were in for a real treat to see the pictures taken of Bulgaria, Budapest, India, Greece, Italy and London to name a few when Miss Maisie Wheatley so capably described each slide of her recent European chartered tour that included three Communist countries.

During lunch Happy Birthday was sung to Mary Dalheim and Isabella Wheatley.

It was so nice to see the Wheatleys' lovely new home and the men, Myles Kerr, John Thatcher, Vic Albrecht, Carl Bergstreiser, enjoyed visiting with Fred Wheatley and his son John.

Namoo News

By Norma Crozier

On May 31 the Namoo dancing class, taught by Barbara Ward held their end of the year recital at the Namoo School. Students participating were: Michelle Patsula, Cheryl Manfield, Corrine Berg, Carmen Berg, Deanna Vath, Patty Cameron Heather Monahan, Carol Carson, Debby Mullen, Sh-

cila Cameron, Denise Powell, Alanna Vath and Janice Mullen. Two awards were also given. The most promising tap-dancer award went to Sheila Cameron and the most promising jazz dancer award to Debby Mullen. A lovely floral arrangement was presented to Barbara on behalf of her students.

Dancing classes will resume in the fall, anyone interested may call Barbara Ward at 973-3469.

A family dance will be held in the Namoo School gymnasium on June 25, at which time the Grade 9 class will be

honored. Everybody welcome.

Namoo School and Community League will hold their Klondyke dance and barbecue on July 17th in the school gymnasium.

UNIFARM'S

AGRICULTURAL
REVIEW

PRICE CONCERNS OBSCURE ISSUES

In its annual presentation to the federal government the Canadian Federation of Agriculture said the Canadian public's preoccupation with food prices and food policy is obscuring the agricultural industry.

Unifarm, which is a member of the C.F.A., was represented at the Ottawa meeting by President Dobson Lea.

Speaking during the presentation, Charles Munro, President of the G.F.A., said, "basic inflationary forces in the Canadian and world economies have been the fundamental cause of higher food costs to consumers in this country since 1972."

"There is," he said, "an understandable public preoccupation with food prices and food policy — created not only by increased food costs but by concern about long-term food supply and Canada's world responsibilities. We are concerned, however, that attacks on marketing boards and undefined calls for a 'national food policy' are giving the consumer a wholly false impression of exploitative monopoly control by farmers of Canadian agriculture on a broad basis. This is simply not true and can only obscure the real issues we face."

RECORD SURPLUS IN UNIFARM AUTO POOL

Members of Unifarm who participate in the organization's auto insurance pool received some good news in late-May. The exceptional driving record of the group as a whole result-

ed in a surplus of more than \$400,000, after claims and expenses were paid.

When members renew their Co-op Insurance auto mobile premiums they will enjoy a 17 per cent discount from current rates — an average of about \$70.00.

The farm pool (fire) shows a surplus of almost \$100,000, and this saving will also be passed on to participating members.

RECLAMATION QUESTION MARK

The proposed Round Hill-Dodds powder project has been the focus of considerable attention recently.

Reclamation of the land following strip mining is the major area of contention. At a public protest meeting in Camrose Dr. Robert Curry, a soils scientist at the University of Montana, said he couldn't see how it would be reasonably possible to reclaim the land considering the overburden and soil structure involved. Dr. Curry noted that the Round Hill-Dodds site is one of the worst for reclamation purposes that he has seen anywhere in the world.

One of a group of West German reclamation experts attending the Camrose meeting said that topsoils were much deeper in West Germany and observed that in his country an area such as that proposed for the power plant at Round Hill-Dodds would be reclaimed as forest land. He added that there would have to be very careful handling of soils at the site to avoid mixing and added that, "perhaps there are better conditions at another spot."

Controlling house flies

Disposal of house fly breeding areas in May before fly populations rapidly become a nuisance and health hazard, says Hugh Philip, head of entomology section of Alberta Agriculture. House flies are the most numerous and annoying insect pest during Alberta's summer months.

Because house flies frequent unsanitary conditions such as manure and garbage piles, they can become infected with disease organisms which can be transferred to humans through food contamination or by utensils used in food preparation flies have touched.

Mr. Philip says the best control procedure for house

flies is a combination of proper sanitation and chemical application which will keep fly populations at an acceptable level.

Control during the spring months of breeding spots is a main means of limiting fly populations. House flies breed in such material as manure and garbage piles, rotting hay, silage and spilled grain. These sites should be disposed of by May so that overwintering adults have few places to lay eggs. This clean up procedure should be maintained on a weekly basis throughout the summer and early fall.

Without proper sanitation, chemical control is a waste of time and money.

Feeds Act amendments

The federal feeds Act was recently amended to cover changes in the livestock and feed manufacturing industries since the last revision of the Act in 1960.

The change affecting farmers most directly concerns on-farm feed mixing. Agriculture Canada inspectors will have the authority to

check feeds manufactured on the farm to ensure that the ingredients do not leave residues harmful to health.

Gibbons News

By Karen Hogg

Well the Agri Fair week-end is finally here! Saturday and Sunday, June 12 and 13. The Agricultural Society sent out a time schedule to the residents of Gibbons and country residents sure hope to see you at the fair.

The Agricultural Society's annual meeting was on May 31 in the arena mezzanine. There were 13 members together in attendance. Arena budgets were shown

and discussed. A few years ago the Gibbons Community Hall was packed with people who were concerned about

getting an arena now that we have the establishment. A grand total of 13 people attended the meeting.

Here are the results of the Gibbons Mini-Mites and Pee-wee Soccer clubs for May 31 - Gibbons 1 - 2 vs Port Sack 2; Gibbons 2 - 0, Bon Accord 15; Pee-wees: Gibbons 0 - Namoo 6.

The Gibbons Minor Hockey Association would like to thank the following sponsors who came forward to provide uniforms for the boys: Standard General, Vanderpool Construction, Melton

Homes; Gibbons Legion plus the Gibbons Rec. Board for supplying the steel for goals on our home ground. There were donations from Mr. Will Oliver, Mr. Norman Knott and an anonymous donation of \$172.50. We are very grateful to these people

and to everyone else who has helped in any way. We play now until the end of June and then start again at the end of August until October. We need HELP now. One of our mini mite teams is without a coach, the coach is on holidays. These boys - 28, need

someone to take charge of them. If you feel you are able to help but aren't too sure, just make a phone call 923-2342 and 923-2343.

Here are the results of the Ladies Football team: May 31

- Gibbons 19, Bon Accord 6; June 1 - Fort Ladies 14 - Gibbons 2; June 3 - Gibbons 11 - Horse Hill 9.

Games coming up: June 15 - Gibbons at Bon Accord; June 17 - Gibbons at Oliver; June 22 - Gibbons at Lamont.

Valuable weather forecasting for agriculture

The new extended weather forecasting of the Atmospheric Environment Service, "Weather Outlook," will be of greater value to farmers than the existing two-day weather forecasts, says Conrad Gleitz, agronomist with Alberta Agriculture.

The extended weather forecast which began May 10, provides general temperature and precipitation expectations for the third, fourth and fifth days for five Alberta regions. This supplements the present weather forecasts which contained detailed information for the first and second days only.

The five forecast regions of Alberta are: Northern, Peace, North Central, South Central and Southern.

The most significant feature of the new forecast, is its extended valid period. While

the new forecast contains less detail than for the other two-day forecast, it promises to be of much more economic value in day-to-day decision making where weather-sen-

sitive agricultural operations are concerned.

The "Weather Outlook" will be issued each morning at 7:00 a.m., and will be carried by radio and tele-

vision stations throughout the province. Each successive outlook, revised daily, will represent a new forecast based on the latest information.

Synthetic hormones in feed kills flies

Two new synthetic hormones offer promise of controlling flies more effectively than any similar materials tested, according to information received by Alberta Agriculture from the United States department of agriculture's agricultural research service.

The test involved a number of insect hormone mimics

that were incorporated into dairy cow and chicken feed. When eaten they pass through the animal's or bird's digestive system and permeate its droppings. According to the American scientists, the two most effective hormones tested killed 100 percent of the face, house and stable flies.

Dr. Meyer Schwarz, an agricultural research service chemist, who synthesized the hormones used in the tests, said a hormone derived from

terpene chemicals, used commercially in perfumes, was the most effective. Since these chemicals appear to be readily degradable, there should be no adverse effects on the health of livestock, wild animals or people.

Although no undesirable effects were observed in the cows or chickens used in the experiments, further research is necessary to provide data on the possibility of residues occurring in milk, meat or eggs.

Brenneis' feted on 50th anniversary

ALCOMDALE - The family of Mr. and Mrs. Edward (Ed) Brenneis entertained 350 guests on May 23 in honour of their parent's 50th wedding anniversary. Prior to the

open house in the afternoon at the Riviere Qui Barre Recreation Centre, Mass was at 1 p.m. in St. Emerence R.C. Church in Riviere Qui Barre.

The church was filled to capacity with relatives and friends. Alon Brenneis, a grandson, read the scripture lesson. The priest spoke on the devotion of the family of

Mr. and Mrs. Brenneis to their parents and of the parents to their children, an example in this permissive age to other families.

Ralph Brenneis, a son was master of ceremonies. Archie Cameron on behalf of neighbours and friends spoke of the parents to the people to he and his family and the help he had as a young man received from Ed Brenneis. He, too, spoke on the devotion of the Brenneis family to each other and their parents, and the good friends they were to all who had the pleasure of knowing them. The second oldest son, Dan, introduced the seven sons and two daughters with their children who were present. On behalf of the children he presented their parents with a lovely combination stereo. The sisters and brothers of the couple gave them a gold upholstered swivel rocking chair.

Mrs. R. Palmer Jr., the former Dana Brenneis, the oldest grandchild, presented the couple with a lovely album containing the pictures of each son's and daughter's family and their children. Also a collection of photos from earlier years of the family, and a lovely bouquet of flowers.

Mr. Jim Falls on behalf of the Mearns Parish presented the couple with a gift from the parish. Mrs. R. Friedrich, president of the CWL of Mearns Parish presented Mrs. Brenneis with a gold pin. Mrs. Brenneis had been an active member for years and this pin made her an honorary member.

Floyd Vollrath proposed a toast to the bride and groom of 50 years. Mr. and Mrs. Brenneis were married June 1, 1926 in Morinville R.C. Church. Ed came to the district with his parents at the age of three years from Nebraska, U.S.A. Mrs. Brenneis was a local girl, the former, Elizabeth (Elise) Behiels. The couple lived on a farm a few miles out of Morinville then moved to Alcomdale in 1940 where they have resided ever since on their farm. They had seven sons and two daughters, Mairice, Ralph, Norman and Oscar, of Edmonton, Dan, Oliver, Alex, of Al-

comdale, Violet, (Mrs. J. Heman) of Mearns and Vera, (Mrs. Hector Soulaier) of Riviere Qui Barre, 37 grandchildren.

Violet Brenneis, a granddaughter, sang two songs accompanying herself on the guitar. A buffet meal was served to end a most enjoyable day to all who had the pleasure of being invited. Many other gifts were also

received by the honoured couple. The bridesmaid of 50 years ago was present, Mrs. A. Ouimet of Edmonton. Other guests were, the bride's sister and brother-in-law, Mr. and Mrs. Glen Walls, Oakland, California, Mrs. L. Hilton, Calgary, and others from Camrose, Sedgewick, Daysland, Edmonton and from many of the surrounding districts.

MR. & MRS. ED BRENNIS

Wildlife, vegetation, get hurt by burning

Farmers who burn last year's vegetation from fencerows, headlands, and slough edges probably wouldn't if they were fully aware of the damage the practice causes - both to wildlife and themselves.

Extensive research has proved that burning has no agricultural value and does great ecological damage. Rather than destroy weeds, as many people believe, burning actually clears the soil and produces an ideal seed bed in which the weeds then flourish. Many seeds are not destroyed by burning, since they are already present in the soil.

Burning to clear away

dead ground litter is equally harmful to agriculture. The practice may result in well groomed fields and fencerows, but it destroys forever the valuable nutrients which should be returned to the soil from which they come.

As one illustration of how soil nutrients are lost by burning, researchers have found that hay production decreases by as much as 50 percent in a single year when fields have been burnt the year before.

Clearly burning is an unsound farming practice, both economically and ecologically. But the damage doesn't stop there. Burning is also disastrous for wildlife,

especially for ground nesting birds such as grouse, pheasants and ducks.

Spring burning destroys the nests, eggs and young of these birds; and many adults are killed by the flames as well, because they will not abandon their offspring.

Autumn burning on the other hand, destroys much of the ground litter that birds depend on to build their nests the following spring. In addition, the burning removes valuable ground cover from the nesting habitat making ducks, sharp-tailed grouse and other game birds more vulnerable to predators.

Because of continued clearing and drainage to bring more farm land into production, suitable nesting habitat is being steadily depleted in the prairie provinces. As a result, ground nesting birds are becoming increasingly dependent on fencerows, headlands and ditches for the habitat they require.

Clearing and drainage are also the reason railroad rights of way have become a major nesting area, particularly in the prairie pothole regions where other ground cover is scarce.

Conservation groups are therefore pleased with the co-operation gained in recent years from CP Rail on this important conservation matter.

CP Rail are glad to have said they will co-operate to the fullest extent possible in preserving nesting ground cover along rights of way. Burning, a CP spokesman says, will only be done where absolutely necessary to ensure the efficiency of CP's operations.

submissions and there has been no correspondence between the Alberta Minister of Agriculture and his federal or provincial counterparts relative to cow-calf stabilization programs.

All representations were oral and given through telephone conversations throughout the past year or in person at Federal-Provincial Agricultural Conferences.

In light of that answer, it is hard to conclude the government was very concerned about the plight of the cow-calf operators. If Mr. Moore had really wanted to pressure the federal government to implement a joint stabilization scheme, surely there would have been at least one concrete written proposal to his federal counterpart.

And in the absence of a federal initiative, Alberta cow-calf operators should have the right to expect their own government to take positive action. Alberta farmers are no different than farmers in B.C., Manitoba and Quebec. All of these provinces have developed income assurance programs for their beef farmers.

Evidently the provincial government has decided it is best to "let the market forces prevail," even if it means hardship and indeed bankruptcy for a substantial number of cow-calf operators.

By Grant Notley, MLA
(Spirit River-Fairview)
Leader, Alberta N.D.P.

Last fall and winter, many cow-calf operators in the province were pressing the provincial government to establish a program of short-term assistance and long-term stabilization.

Agriculture Minister Marvin Moore rejected any suggestion that the province set up a stabilization scheme on its own, but indicated he strongly favored a joint federal-provincial plan.

One wonders, however, just how serious Mr. Moore and the government really were about a cow-calf stabilization plan of any kind.

During the recently concluded spring session of the legislature, I submitted a motion for return covering the period April 1, 1975 to March 12, 1976, asking for "A copy of all submissions by the Minister of Agriculture to his federal and provincial counterparts concerning a federally and provincially funded cow-calf operator's income stabilization program."

"A copy of all correspondence or other documentation forwarded by the federal Minister of Agriculture to the Alberta Minister of Agriculture in response to such submissions."

Mr. Moore's reply, when it finally came, was short and to the point. It stated:

"There are no written

Look for a
Homeowners
policy that'll
keep up with
the times. Under
many Home-
owners policies
you may find
yourself alarm-
ingly short of in-
surance. How-
ever, if you have
a SAFECO Home-
owners policy, you don't
need to worry. Because
SAFECO's automatic ap-

**TIP

preciation fea-
ture guarantees
replacement
costs at today's
costs--new ma-
terials for old--
up to the limits
of your policy.
So you'll get dol-
lar-for-dollar re-
imbursement--
not eighty cents
on the dollar.
And that's just one more
reason why you can almost
always save with SAFECO.
